Important Hijri years

In this book, we mention specific Hijri years, without necessarily mentioning how they correspond to Gregorian years. Hijri years are lunar years. Hijri years consist of **354 days** and the leap Hijri years consist of **355 days**. So, Hijri years are shorter than Gregorian years by **11 days**. There are 12 months in a Hijri year. Hijri months are either 29 or 30 days.

The following shows the beginning and end of each of the following important Hijri years:

1440 Hijri (starts on September 11, **2018** – ends on August 30, **2019**)

1454 Hijri (starts on April 12, **2032** – ends on March 31, **2033**)

In this Book, we have calculated the Hijri day since the beginning of Hijri Calendar based on the assumption that the **average length of a Hijri month** is about **29.5305555 days**.

Therefore, the **average Hijri year** is: $12 \times 29.5305555 \text{ days} = 354.3666 \text{ days}$

A lunar year is about **354.37 days**.

The mean tropical solar year, as of January 1, 2000, is **365.24 days**

In the **Julian calendar**, the average year has a length of 365.25 days, compared to the actual solar tropical year of 365.24219878 days. The calendar thus accumulates **one day of error** with respect to the solar year **every 128 years**.

List of Hijri Months (From the 1st to the 12th month)

2. صفر Safar: **370**
3. ربيع الأول Rabi Al-Awwal (the First): $282 + 68 = 350$
4. ربيع الثاني Rabi Al-Thani (the Second): $282 + 592 = 874$
[Also known as Rabi Al-Akhir (the Last)]
5. جمادى الأولى Jumada Al-Ula (the First): $58 + 78 = 136$
6. جمادى الثانية Jumada Al-Thania (the Second): $58 + 597 = 65$
[Also known as Jumada Al-Akhira (the Last)]
7. رجب Rajab: **205**
8. شعبان Shaban : **423**
9. رمضان Ramadan: **1091**
10. شوال Shawwal: **337**
11. ذو القعدة Zu Al-Qada: $706 \text{ (or } 707) + 210 = 916 \text{ (or } 917)$
12. ذو الحجة Zu Al-Hijja: $706 + 47 = 753$

If Allah is willing

Nothing will happen in the Future, including the End Times, unless Allah (s.w.t.) is willing and permits it to happen. We hereby say: **إن شاء الله** (In-Sha-Allah, meaning “If Allah is willing”) for each and every statement we make in this book about the future because it is difficult to keep repeating it after each statement.

Furthermore, we have to remind people that when Allah (s.w.t.) permits something to happen, that does not necessarily mean he is pleased with it.

Chapter 1

The First Phase of the End Time

A. Why year 2019 could be year of the Beginning of the first phase of the End Times?

The following collection of evidence and analysis explains why **year 2019** is one of the possible years for the beginning of the End Times:

1st Evidence:

The relevance of the Cycles of 49 – 50 years and the two such Cycles equaling 98 – 100 years based on Jewish Beliefs and based on historical events to the determination of the beginning of the End Times

According to the Torah (Old Testament of the Bible), there are **special rules for Jews** to adhere to :

(1) On the **Seventh (7th) Day** of the week, meaning **Saturday**, referred to by the Jews as the **Sabbath Day**.

(2) In the **Seventh (7th) Jewish Year**, referred to by Jews as the **Sabbath Year** (also called **Shemitta Year**).

According to the **New International Version (N.I.V.) Bible**, the Old Testament (Torah) says the following about the **Sabbath (Seventh) Year** in **Leviticus 25: 1 – 7** :

¹ The **LORD said to Moses** at Mount Sinai, ² “Speak to the Israelites and say to them: ‘When you enter the land I am going to give you, the **land itself must observe a sabbath** to the LORD.

³ For **six years** sow your fields, and for six years prune your vineyards and gather their crops.

⁴ But in the **seventh year** the land is to have a **year of sabbath rest**, a **sabbath to the LORD**. Do not sow your fields or prune your vineyards. ⁵ Do not reap what grows of itself or harvest the grapes of your untended vines. The land is to have a year of rest. ⁶ Whatever the land yields during the sabbath year will be food for you—for yourself, your male and female servants, and the hired worker and temporary resident who live among you, ⁷ as well as for your livestock and the wild animals in your land. Whatever the land produces may be eaten.

(3) In the **Fiftieth (50th) Year**, referred to by the Jews as the **Jubilee Year**, that comes after the passing of **49 Jewish years (7 x 7 = 49)**, meaning 7 cycles of 7 years each.

According to the **New International Version (N.I.V.) Bible**, the Old Testament (Torah) says the following about the **49 years and the 50th year** in **Leviticus 25: 8 – 24** (more details are in Leviticus 25: 25 – 54):

⁸ “Count off **seven sabbath years**—seven times seven years—so that the seven sabbath years amount to a period of **forty-nine years**.

⁹ Then, have **the trumpet sounded** everywhere **on the tenth day of the seventh month**; on the **Day of Atonement**, sound the trumpet throughout your land. (Please note the 7th month is **Tishri** based on the Jewish religious year which starts in the month of Nisan. However, **Tishri** is the first month of the Jewish civil year. **Today, the Jewish year starts on first day of Tishri.**)

¹⁰ **Consecrate the fiftieth year** and proclaim **liberty throughout the land to all its inhabitants**. It shall be a **jubilee** for you; **each of you is to return to your family property and to your own clan**.

¹¹ The **fiftieth year** shall be a **jubilee** for you; do not sow and do not reap what grows of itself or harvest the untended vines.

¹² For it is a **jubilee** and is to be holy for you; **eat only what is taken directly from the fields**.

¹³ In this **Year of Jubilee**, everyone is to **return to their own property**.

¹⁴ If you sell land to any of your own people or buy land from them, do not take advantage of each other.

¹⁵ You are to buy from your own people on the **basis of the number of years since the Jubilee**. And they are to **sell to you on the basis of the number of years left** for harvesting crops.

¹⁶ When the years are many, you are to increase the price, and when the years are few, you are to decrease the price, because what is really being sold to you is the number of crops. ¹⁷ Do not take advantage of each other, but fear your God. I am the LORD your God.

¹⁸ “Follow my decrees and be careful to obey my laws, and you will live safely in the land.

¹⁹ Then the land will yield its fruit, and you will eat your fill and live there in safety.

²⁰ You may ask, “What will we eat in the **seventh year** if we do not plant or harvest our crops?”

²¹ I will send you such a blessing in the **sixth year** that the land will **yield enough for three years**.

²² While you plant during the **eighth year**, you will eat from the old crop and will continue to eat from it until the harvest of the **ninth year** comes in.

²³ “**The land must not be sold permanently**, because the **land is mine** and you reside in my land as foreigners and strangers.

²⁴ Throughout the land that you hold as a possession, you must provide for the redemption of the land.

Note what **Leviticus 25: 23** says: “***The land must not be sold permanently***”. The land is only sold for the period remaining up to the next Jubilee Year, meaning up to a maximum of **49 Jewish years**. For example, if a Jew buys a land and there are only 25 years till the end of the 49 Jewish years and the beginning of the Jubilee (50th) Year, he is buying it **only** for that 25-year period. When the **Jubilee (50th) Year** begins, **the Jews must return the Lands** they bought within the previous 49 Jewish years (meaning since the previous Jubilee Year) **to the Seller of the Land**.

In the Bible, **Daniel 9:25** says: “*Know therefore and understand that from the going out of the word to restore and build Jerusalem to the coming of an anointed one, a prince, there shall be seven weeks.*”. The “**seven sevens**” could be 7 seven years, meaning 7 x 7 years = **49 years**.

The laws regarding the **Sabbath** and **Jubilee Year** were supposed to be followed **after** the Children of Israel **capture Palestine** as the Torah (Old Testament) says: “*When you come into the land which I give you*”.

The **area of the Holy Land** over which the **Sabbath** and **Jubilee Year** laws were in force included, at the time of the First Temple, all the possessions of the descendants of the **Jewish emigrants from Egypt** (“Ole Mizrayim”), in the territory that extended south to Gaza, east to the Euphrates River, and north to the Mountains of Lebanon.

It is also worth mentioning that after the destruction of **Solomon’s Temple (First Temple)** in

Jerusalem by the Babylonians and the forced exile of the Jews in Palestine to Babylon around **587 BC**, the Jews were forced to remain in Babylon for about **50 years** till a decree was issued around **537 BC** by **Persian King Cyrus**, after he conquered Babylon, that allowed the Jews to return to Palestine.

The **Jews are supposed to return the Land of Palestine** to its rightful owners, meaning the Palestinians, in the **Jubilee (50th) Year**.

One of the 2 main opinions regarding the determination of the **Jubilee Year** is that the Jubilee Year (50th Year) is **not** the first year in the next 49-year cycle. The 49th Year is followed by a 50th Year (Jubilee Year), then a new 49-year cycle begins, followed by the next 50th Year (Jubilee Year). According to the second opinion, the following are last 2 Jubilee Years and the next Jubilee Year:

- **Jewish year 5679** (September 7, **1918** - September 24, **1919**) is a Jubilee Year. (Britain's capture of Jerusalem from the Ottomans happened on **December 9, 1917**, but Britain did not capture all of Palestine till around **September 23, 1918** (Zu Al-Hijja 17, 1336 Hijri) (Tishri 17, 5679 Jewish) when it captured Akka and Haifa.)
- **Jewish year 5729** (September 23, **1968** - September 12, **1969**) is a Jubilee Year. (**Israel captured the Old City of Jerusalem**, where the Aqsa Mosque is located, on **June 7, 1967**, meaning about **49 years and 6 months after** Britain's capture of Jerusalem.)
- **Jewish year 5779** (September 10, **2018** - September 29, **2019**) is a Jubilee Year.

Note that **1917 (or 1918)** is equivalent to **917 (or 918)**, the numerical value of:

وعد الآخره Promise of the End Times (verse 7 of Sura 17): $80 + 837 = 917$ (**or 918**)
(**917 = 7 x 131**) (**917** is the **760th** Composite Number) (**1102** is the **917th** Composite Number)

The **Jewish year 5779** (September 10, 2018) **began almost on the same day** as the **Islamic year 1440 Hijri** (September 11, 2018).

In the **evidence** presented earlier, we have explained, the significance of **49 and 50 years** which correspond with the **Jewish cycles of 49 years** and the **Jubilee Year (50th Year)**.

However, the historical evidence seems also to indicate that a **period of about 100 years** (equal to **2 cycles** of 50 years each) is also important:

- On **December 9, 1917 (Safar 24, 1336 Hijri)** (Kislev 24, **5678 Jewish**) (2421,571.5th Julian Day), **Britain captured Jerusalem**, ending the Muslims' continuous rule of Jerusalem since

year 1244. The British forces **defeated** the Ottoman forces in the **Battle of Megiddo** that lasted from September 19, **1918** (Zu Hijja 13, 1336 Hijri) (Tishri 13, 5679 Jewish) till September 23, **1918** (Zu Al-Hijja 17, 1336 Hijri) (Tishri 17, **5679 Jewish**). In Palestine, the British forces captured **Beisan** and **Nazareth** on **September 20, 1918**, **Nablus** on **September 21, 1918**, and **Haifa** and **Akka (Acre)** on **September 23, 1918**. Akka was the last capital of the Crusaders (Ancestors of the British and French people, who could also be considered as descendants of Children of Israel) and its capture by Muslims happened on May 18, 1291, meaning **47 years** after the capture of Jerusalem by Muslims in 1244. The conquest of Akka in May 18, 1291 marked the beginning of the end Crusader's Kingdom of Jerusalem in the Middle East which only lasted few more months

From **December 9, 1917** (Kislev 24, **5678 Jewish**) (Britain's capture of Jerusalem, ending the Muslims' continuous rule of Jerusalem since year 1244) to **June 7, 1967** (Iyar 28, **5727 Jewish**) (Israel's capture of Old City of Jerusalem), there are **49 years and few months**. From **September 23, 1918** (Tishri 17, **5679 Jewish**) (Britain's capture of all Palestine with the capture Akka and Haifa) till **June 7, 1967** (Iyar 28, **5727 Jewish**), there are **48 years and few months**.

From **1967** to **2019** (possible beginning of the End Times), there are **about 52 years**.

Therefore, from September 23, 1918 (Tishri 17, **5679 Jewish**) (Britain's capture of all Palestine with the capture Akka and Haifa from the Ottomans) to 2019 (**5779 Jewish**) (possible beginning of the End Times and the return of Palestine to the Palestinians), there are about **100 Jewish years**.

- If we go back in time historically even further, we find that from **Crusaders' conquest of Jerusalem** on **July 15, 1099** Julian (July 21, 1099 Gregorian) (Shaban 23, 492 Hijri) (Tammuz 23, **4859 Jewish**) till possible beginning of the End Times in year **2018 - 2019** (**5778 - 5779 Jewish**), there are about **918 - 919** years.

Since **918 - 919 years** is equivalent numerically to **year 1918 - 1919**. **Year 1099** is equivalent numerically to **99**. This could mean that the **change in the rule of Jerusalem** and Palestine the **beginning of the End Times** can be expected to happen about **99 - 100 years** from **1918 - 1919**, meaning within **2018 - 2019**.

In the last few months of **1917**, several significant **historical events** happened:

(a) **Six Apparitions (visions) of 3 Catholic children** (Lucia, Jacinta, and Francisco), in a town called **Fatima in Portugal**.

(b) **Balfour Declaration (or Promise)** by the British government to facilitate the creation of a homeland in Palestine for the Jews on **November 2, 1917** (Muharram 16 (or 17), 1336 Hijri) (Heshvan 17, **5678 Jewish**) (2421,534.5th or 2421,535th Julian Day).

(c) **Bolshevik Communist Revolution** in Russia led by Vladimir Lenin, that resulted in 5 - 6 years of civil war, started on **November 7, 1917** (based on Gregorian Calendar) (**October 25, 1917** based on Julian Calendar used in Russia at that time) (Muharram 22, 1336 Hijri).

(d) **Britain's capture Jerusalem** from the Ottoman Empire after the Ottoman Governor of Jerusalem sent a "Surrender Letter", delivered by Mayor of Jerusalem, **Hussein Al-Husseini**, to the British invaders on **Sunday, December 9, 1917** (Safar 24, 1336 Hijri) (Kislev 24, 5678 Jewish) (2421,571.5th Julian Day). **General Allenby** entered Jerusalem on **December 11, 1917** (Safar 26, 1336 Hijri).

In year **1918**, several significant **historical events** happened:

(a) On **September 16, 1918** (**Zu Al-Hijja 10**, 1336 Hijri) (**Tishri 10**, 5679 Jewish), the forces of the Allies (made up primarily of British, Australian, Indian forces, with some forces from France and New Zealand) led by Edmund Allenby began their attacks on the Ottoman army in Palestine in what came to be known as **Battle of Megiddo** (where the battle referred to by the Bible as **Battle of Armageddon** is supposed to happen). Starting from 1:00 a.m. on **September 19, 1918** (Zu Al-Hijja 13, 1336 Hijri) (Tishri 13, 5679 Jewish), aircrafts of the Allies bombed the telephone exchanges to cut off the communications between the Ottoman headquarters in Nazareth and the Ottoman forces in the battle field and also bombed railway stations. Allenby sought to trap the Ottoman forces, which were encamped and re-grouping on the plains of **Megiddo**, and block off any escape routes. He aimed to launch a co-ordinated attack with cavalry, infantry, artillery, armored vehicles and aircraft **to annihilate them**. As the infantry and artillery closed on the Ottoman forces positions, the forces of the Allies quickly encircled the Ottoman forces, preventing the Ottomans' escape. The forces of the Allies held aerial and numerical superiority over the Ottoman forces. In Palestine, the British forces captured **Beisan** and **Nazareth** on **September 20, 1918**, **Nablus** on **September 21, 1918**, and **Haifa** and **Akka (Acre)** on **September 23, 1918** (Zu Al-Hijja 17, 1336 Hijri) (Tishri 17, 5679 Jewish). The British forces that participated in the Battle included Indian troops and the 61st Cavalry Regiment of the Indian Army still commemorates this battle of Haifa every year on the **September 23** as **Haifa Day**. The forces of the Allies captured **Amman** in Jordan on **September 25, 1918**. Most of the Ottoman forces in Palestine & Jordan were defeated by **September 26, 1918**. In the entire Battle of Megiddo, the Allied forces had inflicted heavy losses on the Ottoman Army of over 25,000 Ottoman soldiers killed, wounded or captured. Victory at Megiddo owed much to the British Army's horses (as well as donkeys and mules). However, at the end of the war, over 20,000 of these animals were sold locally for food or work as it was cheaper than shipping them home. **Damascus** was captured by the Allies and Arab forces on **Tuesday, October 1, 1918** (Zu Hijja 25, 1336 Hijri) and **Hussein bin Ali's son Faisal** entered Damascus on horseback on Thursday, **October 3, 1918**. In Lebanon, Allied forces captured **Tyre** on **October 4**, **Sidon** on **October 6**, **Beirut** on **October 7**, and **Tripoli** on **October 13, 1918**. **Aleppo**, in Northern Syria, was captured by the Allies on **October 26, 1918** (Muharram 20, 1337 Hijri). This defeat led the Ottomans to sign the **Armistice of Moudros**, a cease-fire and an informal surrender agreement between the Ottomans and the Allies, on **October 30, 1918** (Muharram 24, 1337 Hijri). **Armistice of Moudros** came into effect on **October 31, 1918**.

(b) **World War I** ended on **November 11, 1918** (Safar 6, 1337 Hijri) (Kislev 7, 5679 Jewish).

(c) Based on Armistice of Moudros, **French troops** started the Allies' occupation of **Istanbul (Constantinople)** on **November 12, 1918** (Safar 7, 1337 Hijri) (Kislev 8, 5679 Jewish), followed by **British troops** on **November 13, 1918**. The occupation of Istanbul by the Allies lasted until **1923** when the last Allies troops left Istanbul by **October 6, 1923** (Safar 26, 1342 Hijri) and the first **Turkish troops** entered the city on the same day. The Allies occupation of **Constantinople** was significant because it was the **capital of the Islamic Caliphate** and this led to the **end of the Islamic Caliphate** in **1924**. In the beginning of the End Times, **the Mahdi** is supposed to emerge to **re-establish the Islamic Caliphate**.

Note that the **historically significant year** started around **November 1917 (5678 Jewish)** and ended around **November 1918 (5679 Jewish)**.

2nd Evidence:

Now, let us examine the **evidence in the Quran** regarding **one cycle of 50 years** and **two such cycles: 50 years x 2 = 100 years** to determine the beginning of the **End Times**:

(1) From, and including, **وقضينا (And We decreed)**, the **first word** in **verse 4 of Sura 17**, to the word **الآخرة (the End Times)** in **verse 7 of Sura 17**, there are **52 words** which may represent **52 years**.

وقضينا (And We decreed) (verse 4 of Sura 17): $6 + 961 = 967$ (equivalent to **year 1967**)
State of Israel waged a successful war against its Arab neighbors in **year 1967**, and managed to capture the West Bank (including East Jerusalem), Gaza, Sinai, and Golan Heights.

فإذا جاء وعد الآخرة ليسوا وجوهكم وليدخلوا المسجد
When comes Promise of the **End Times**, they shall make your faces look bad and they shall enter the Mosque (verse 7 of Sura 17)

Therefore, since the numerical value of the word **وقضينا (And We decreed)** is **967** (equivalent to **1967**), it may represent **year 1967**. This seems to be intended to indicate that the first phase of the End Times will begin **52 years** after **year 1967**, meaning in **year 2019**: $1967 (5727 \text{ Jewish}) + 52 \text{ years} = 2019 (5779 \text{ Jewish})$

(2) The combination of **Number of Letters** and **Numerical Value of words** in the following segment of **verse 104 – 106 of Sura 17** reveals Year of the Beginning of the End Times:

وعد الآخرة جننا بكم لفيفا و بالحق أنزلناه و بالحق نزل و ما أرسلناك إلا مبشرا و نذيرا و قرءانا فرقناه لتقرأه على الناس على مكث و نزلناه تنزيلا
Promise of the End Times, we bring you Lafifa (from mixed backgrounds) and in the Haq

we descended him and in the Haq, he descended. And we have not sent you except as Mubashir (bearer of good news) and a **Nazeer (warner)**. And a Quran Faraqnahu (we spaced its revelation) so that you recite it unhurriedly unto the People and we descended it in a **descent** (verse 104 – 106 of Sura 17)

The **first period of about 50 years:**

The **number of letters** after “**Promise of the End Times**” in **verse 104 of Sura 17** till immediately before “**And a Warner**” in **verse 105 of Sura 17** is about **50 letters** which may represent about **50 years**.

The numerical value of **Promise of the End Times** is **917 (or 918)**, which may represent **year 1917 (or 1918)**:

وعد الآخره Promise of the End Times (verse 7 of Sura 17) & (verse 104 of Sura 17): $80 + 838$ (or 837) = **917 (or 918)**

The numerical value of **Wa Nazeer (And a Warner)** is **967**, which may represent **year 1967**:

و نذيرا and a Nazeer (Warner) (verse 105 of Sura 17): $6 + 961 = 967$

Therefore, the **50 letters** mentioned above probably represent **49 years** and about **6 months** (about **50 years**) from **December 9, 1917** (Britain’s capture of Jerusalem) to **June 7, 1967** (Israel’s capture of Old City of Jerusalem).

The **second period of about 50 - 52 years:**

The number of letters **from, and including, Wa Nazeer (And a Warner) in verse 105 of Sura 17 till the end of verse 106 of Sura 17** is **about 50 – 52 letters** which may represent **the 52 years** from **June 7, 1967** (Israel’s capture of Old City of Jerusalem) to **2019** (possible beginning of the End Times)

The total of about **100 - 102 letters (or years)** reflects the period from **1917** (Britain’s capture of Jerusalem **December 9, 1917 (5678 Jewish)**) or **1918 (5679 Jewish)** (Britain’s capture of the all Palestine **September 1918 (5679 Jewish)**, End of World War II, and , Britain’s occupation of Constantinople, capital of the Islamic caliphate **November 1918 (5679 Jewish)**) to **2019 (5779 Jewish)** (possible beginning of the End Times).

As you can notice, there are **100 Jewish years** from Jewish year **5679** (year 2018) till Jewish year **5779** (year 2019).

(3) From, **and including**, الـ “A.L.R.”, the first word of **verse 1 of Sura 10**, to, **and including**, the word السنين “**the years**” in the phrase عدد السنين والحساب “**number of the years and the Hisab** (Calculation or Judgment)” of **verse 5 of Sura 10**, there are **100 words**, which may be intended to represent **100 years**.

From, **and including**, الـ “A.L.R.”, the first word of **verse 1 of Sura 10**, to, **and including**, the word الحساب “**the Hisab** (Calculation or Judgment)” in the phrase عدد السنين والحساب “**number of the years and the Hisab** (Calculation or Judgment)” of **verse 5 of Sura 10**, there are **101 words**, which may be intended to represent **101 years**.

Verse 1 of Sura 10:

بسم الله الرحمن الرحيم الـ In the name of Allah, the Rahman, the Raheem. A.L.R. (verse 1 of Sura 10)

Verse 5 of Sura 10:

لتعلموا عدد السنين والحساب So that you know number of **the years** and **the Hisab** (Calculation or Judgment) (**verse 5 of Sura 10**)

The total of about **100 - 101 words (or years)** reflects the period from **1917** (Britain’s capture of Jerusalem **December 9, 1917 (5678 Jewish)**) or **1918 (5679 Jewish)** (Britain’s capture of the all Palestine **September 1918 (5679 Jewish)**, End of World War II, and , Britain’s occupation of Constantinople, capital of the Islamic caliphate **November 1918 (5679 Jewish)**) to **2019 (5779 Jewish)** (possible beginning of the End Times).

As you can notice, there are **100 Jewish years** from Jewish **year 5679** (year 2018) till Jewish **year 5779** (year 2019).

(4) From, **and including**, the word كان (**it was**) in the phrase كان وعدا مفعولا (it was a Promise fulfilled) in **verse 5 of Sura 17** till **and including**, the word الحساب (Calculation or Judgment) in **verse 12 of Sura 17**, there are **100 words**, which may be intended to represent **100 years**:

وكان وعدا مفعولا When the Promise of the first of them came, we sent against you servants of ours of great might. They ravaged through your homelands. And, **it was a Promise fulfilled**. (verse 5 of Sura 17):

لتعلموا عدد السنين والحساب So that you know number of the years and **the Hisab (Calculation or Judgment)** (verse 7 of Sura 17)

The total of **about 100 words (or years)** reflects the period from **1917** (Britain’s capture of Jerusalem **December 9, 1917 (5678 Jewish)**) or **1918 (5679 Jewish)** (Britain’s capture of the all Palestine **September 1918 (5679 Jewish)**, End of World War II, and , Britain’s occupation of Constantinople,

capital of the Islamic caliphate **November 1918 (5679 Jewish)**) to **2019 (5779 Jewish)** (possible beginning of the End Times).

As you can notice, there are **100 Jewish years** from Jewish year **5679** (year 2018) till Jewish year **5779** (year 2019).

(5) Starting from **verse 4 of Sura 17**, there is discussion about how Children of Israel are going to corrupt in the Ard (Land or Earth) twice. The next verse, meaning **verse 5 of Sura 17**, discusses the first time they will corrupt. Later, **verse 104 of Sura 17** discusses the last time they will corrupt.

From, and **not** including, **verse 4 of Sura 17** (meaning, **from and including, verse 5 of Sura 17**) till **verse 104 of Sura 17**, there are **100 verses** which may be intended to represent **100 years**.

From, and including, **verse 4 of Sura 17** (meaning, **from and including, verse 5 of Sura 17**) till **verse 104 of Sura 17**, there are **101 verses** which may be intended to represent **101 years**.

و قضينا إلى بني إسرائيل في الكتاب لتفسدن في الأرض مرتين و لتعلن علوا كبيرا And We decreed unto Bani (Children) of Israel in the Book that you shall corrupt in the Ard (Earth or Land) twice and that you shall elevate to a great height. (**verse 4 of Sura 17**): $[6 + 961 + 41 + 62 + 303 \text{ (or } 304) + 90 + 454] + (624 + 90 + 1032 + 700 + 6 + 580 + 107 + 233) = 1917 \text{ (or } 1918) + 3372 = 5289$

As you may have noticed, **verse 4 of Sura 17** starts with a phrase whose numerical value is **1917 (or 1918)**:

و قضينا إلى بني إسرائيل في الكتاب And We decreed unto Bani (Children) of Israel in the Book (**verse 4 of Sura 17**): $6 + 961 + 41 + 62 + 303 \text{ (or } 304) + 90 + 454 = 1917 \text{ (or } 1918)$

فاذا جاء وعد أولاهما بعثنا عليكم عبادا لنا أولي بأس شديد فجاسوا خلل الديار وكان وعدا مفعولا
When the **Promise of the first of the two** came, we sent against you servants of ours of great might. They ravaged through the homelands. And, it was a fulfilled promise. (**verse 5 of Sura 17**): $(782 + 5 + 80 + 84 + 623 + 170 + 78 + 81 + 47 + 63) + (318 + 151 + 660 + 246 + 6 + 71 + 81 + 227) = 2013 + 1760 = 3773$ (**3773** is the **3247th** Composite Number) (**4370** is the **3773rd** Composite Number)

قلنا من بعده لبني إسرائيل أسكنوا الأرض فإذا جاء وعد الآخرة we said, from after him, to Bani (Children) of Israel: Inhabit the Ard (Land). When the **Promise of the Akhira (End Times or Last One)** comes, (**verse 104 of Sura 17**): $(181 + 90 + 81 + 92 + 303 + 138 + 1032) + (782 + 5 + 80 + 1233) = 1917 + 2100$ (equivalent to 100 years) = **4017** (equivalent to **2017**)

As you may have noticed, **verse 104 of Sura 17** starts with a phrase whose numerical value is **1917**:

قلنا من بعده لبني إسرائيل أسكنوا الأرض We said, from after him, to Bani (Children) of Israel: Inhabit the Ard (Land). (**verse 104 of Sura 17**): $181 + 90 + 81 + 92 + 303 + 138 + 1032 = 1917$

Furthermore, the numerical value of the phrase وعد الآخره (**Promise of the End Times**) in **verse 104 of Sura 17** is :

وعد الآخره Promise of the Akhira (End Times or Last One) (verse 7 of Sura 17) & (verse 104 of Sura 17): $80 + 837$ (or 838) = **917 (or 918)** (equivalent to **1917 or 1918**)

This seems to be intended to indicate that just like the Britons (who can be considered from Children of Israel) captured Jerusalem from the Ottomans on **December 9, 1917 (5678 Jewish)**, all of Palestine in **September 1918 (5679 Jewish)**, and occupied the capital of Islamic Caliphate in **November 1918 (5679 Jewish)**, there will be **another attempt to change the status of Jerusalem**, and this will **start the End Times and bring back the Islamic Caliphate** about **100 - 101 years** later, meaning in **2019 (5779 Jewish)**.

As you can notice, there are **100 Jewish years** from Jewish year **5679** (year 1918) till Jewish year **5779** (year 2019).

3rd Evidence:

(1) The following segment of **verse 103 - 106 of Sura 17** shows us, in detail, that from year **1919**, there are **100 years to year 2019**:

يستفزه من الأرض فأغرقناه و من معه جميعا و قلنا من بعده لبني إسرائيل أسكنوا الارض فإذا جاء وعد الآخره جينا بكم لفيف و بالحق أنزلناه و بالحق نزل و ما أرسلناك إلا مبشر و نذير و قرءانا فرقناه لتقرأه على الناس على مكث و نزلناه تنزيلا them out of the Land, so we drowned him and whomever was with him, all of them. And we said to Bani (Children) of Israel: Inhabit the Land. When Promise of the End Times comes, we bring you Lafifa (from mixed backgrounds) and in the Haq we descended him and in the Haq, he descended. And we have not sent you except as Mubashir (bearer of good news) and a Nazeer (warner). And a Quran Faraqnah (we spaced its revelation) so that you recite it unhurriedly unto the People and we descended it in a descent (verse 103 – 106 of Sura 17): $[602 + 90 + 1032 + 1437 + 6 + 90 + 115 + 124 + 6 + 181 + 90 + 81 + 92 + 303 + 138 + 1032 + 782 + 80 + 837 + 64 + 62 + 200 + 6 + 141 + 144 + 6 + 141 + 87 + 6 + 41 + 361 + 32 + 542 + 6 + 960] + [6 + 353 + 436 + 736 + 110 + 142 + 110 + 560 + 6 + 143$ (or 142) + 498] = 9919 + 3100 (or 3099) = **13019 (or 13018)** (equivalent to **2019**)

(2) The following segment of shows us **verse 137 of Sura 7**, in detail, that from year **1923**, there are **96 years to year 2019**:

أورثنا القوم الذين كانوا يستضعفون مشارق الأرض و مغاربها التي بركننا فيها We bequeathed the people, who used to be slightened (overpowered or taken advantage of because they were weak), the eastern part of the Ard (Earth or Land) and the western part which we had blessed them (verse 137 of Sura 7):
 $(758 + 177 + 791 + 78 + 1476 + 641 + 1032 + 6 + 1249 + 441 + 274 \text{ (or } 273)) + 96 = 6923 \text{ (or } 6922) + 96 = 7019 \text{ (7018)}$ (equivalent to **2019**)

(3) The following segment of **verse 1 – 2 of Sura 17** shows us, in detail, that from year **1917**, there are **51 years** till **1968**. In addition, from **1968**, there are **51 years** till **2019**:

إن أساتم فلها فإذا جاء وعد الآخرة ليسوا وجوهكم وليدخلوا المسجد كما دخلوه أول مره وليتبروا ما علوا تتبيرا and if you do badly, it is to yourselves. When Promise of the End Times comes, they shall make faces look bad and they shall enter the Mosque like they entered it the first time and they shall destroy how high they reach completely. Perhaps your Lord may have mercy on you. And if (verse 7 – 8 of Sura 17): $51 + [502 + 116 + 782 + 5 + 80 + 838 \text{ (or } 837) + 108 \text{ (or } 107) + 80 + 6 + 681 + 138 + 61 + 645 + 37 + 245 + 6 + 649 + 41 + 107 + 1013 + 140 + 262 + 51 + 318 + 6] + 51 = [51 + 6917 \text{ (6916)}] + 51 = 6968 \text{ (or } 6967) + 51 = 7019 \text{ (or } 7018)$ (equivalent to **2019**)

(4) The following segment of **verse 7 of Sura 17** shows us, in detail, that from around year **1968**, there are **51 years** to year **2019**:

إن أحسنتم أحسنتم لأنفسكم و إن أساتم فلها فإذا جاء وعد الآخرة ليسوا وجوهكم If you do well, you do well to yourselves and if you do badly, it is to yourselves. When Promise of the End Times comes, they shall ruin your faces (verse 7 of Sura 17): $51 + [559 + 559 + 281 + 6 + 51 + 502 + 116 + 782 + 5 + 80 + 838 \text{ (or } 837) + 108 \text{ (or } 107) + 80] = 51 + 3968 \text{ (3966 or } 3967) = 4019 \text{ (4017 or } 4018)$ (equivalent to **2019**)

(5) The following segment of **verse 30 - 31 of Sura 74** shows us, in detail, that from around year **1967**, there are **52 years** to year **2019**:

عليها تسعه عشر و ما جعلنا أصحاب النار إلا ملائكة و ما جعلنا عدتهم إلا فتنة للذين كفروا ليستيقن Nineteen. And we have not made People of the Fire except as Angels. And we have not made their Idda (number or period) except as a Fitna (Trial) for those who have disbelieved so that, will become certain, (verse 30 - 31 of Sura 74): $[116 + 535 + 570 + 6 + 41 + 154 + 102 \text{ (or } 101) + 282 + 32 + 106 \text{ (or } 105) + 6 + 41 + 154 + 519 + 32 + 535 + 821 \text{ (or } 820)] + (307 + 660) = 4052 \text{ (or } 4051) + 967 = 5019 \text{ (or } 5018)$ (equivalent to **2019**)

4th Evidence:

Verses of the Quran that seem to show **in detail** the numerical value of year **2019 (or 2018)**:

عليها تسعه عشر و ما جعلنا أصحاب النار إلا ملائكة و ما جعلنا Over it are **Nineteen**. And we have not made People of the Fire except as Angels and we have not made their Idda (number or period) except as a

Fitna (Trial) (verse 30 - 31 of Sura 74): $116 + [535 + 570 + 6 + 41 + 154 + 101 + 282 + 32 + 97 \text{ (or } 96) + 6 + 41 + 154] = 116 + 2019 \text{ (or } 2018) = 2135 \text{ (or } 2134)$

2019 سنه Sana (Year) 2019 : $115 + 2019 = 2134$

5th Evidence:

There seems to be a **historical pattern** involving **significant periods of 70 – 71 years** consisting of: about **50 - 52 years** and about **19 - 20 years**.

Biblical Prophecies in Jeremiah 25:12, Jeremiah 29:10, and Daniel 9:1-2, talk about **70 years** of desolation in Jerusalem and period of exile of the Jews to Babylon till their return to Jerusalem.

Prophet Jeremiah received a revelation from God while Jeremiah was living in Jerusalem just prior to the Babylonian invasion about **70 years** of desolation in Jerusalem and period of exile of the Jews to Babylon. This revelation is mentioned in the Bible's **Jeremiah 25:1-12**:

¹*The word that came to **Jeremiah** concerning all the people of Judah, in the fourth year of Jehoiakim the son of Josiah, king of Judah (which was the first year of Nebuchadnezzar king of Babylon),*

²*which Jeremiah the prophet spoke to all the people of Judah and to all the inhabitants of Jerusalem, saying:*

³*“From the thirteenth year of Josiah the son of Amon, king of Judah, even to this day, this is the **twenty-third year** in which the word of the LORD has come to me; and I have spoken to you, rising early and speaking, but you have not listened.*

⁴*And the LORD has sent to you all His servants the prophets, rising early and sending them, but you have not listened nor inclined your ear to hear.*

⁵*They said, ‘Repent now everyone of his evil way and his evil doings, and dwell in the land that the LORD has given to you and your fathers forever and ever.*

⁶*Do not go after other gods to serve them and worship them, and do not provoke Me to anger with the works of your hands; and I will not harm you.’*

⁷*Yet you have not listened to Me,” says the LORD, “that you might provoke Me to anger with the works of your hands to your own hurt.*

⁸*“Therefore thus says the LORD of hosts: ‘Because you have not heard My words,*

⁹*behold, I will send and take all the families of the north,’ says the LORD, ‘and **Nebuchadnezzar the king of Babylon, My servant**, and will bring them against this land, against its inhabitants, and against*

these nations all around, and will utterly destroy them, and make them an astonishment, a hissing, and perpetual desolations.

¹⁰ Moreover I will take from them the voice of mirth and the voice of gladness, the voice of the bridegroom and the voice of the bride, the sound of the millstones and the light of the lamp.

*¹¹ And **this whole land shall be a desolation and an astonishment, and these nations shall serve the king of Babylon seventy years.***

*¹² 'Then it will come to pass, **when seventy years are completed, that I will punish the king of Babylon and that nation, the land of the Chaldeans, for their iniquity,**' says the LORD; 'and I will make it a perpetual desolation.*

Later, Jeremiah completed the revelation from God in his letter from Jerusalem to the captives in Babylon, as mentioned in Bible's Jeremiah 29:1-14. God revealed to Jeremiah that after the seventy years of captivity in Babylon, God would cause the Children of Israel to return to the holy land:

*¹⁰ For thus says the LORD: **After seventy years are completed at Babylon, I will visit you and perform My good word toward you, and cause you to return to this place.***

¹¹ For I know the thoughts that I think toward you, says the LORD, thoughts of peace and not of evil, to give you a future and a hope.

¹² Then you will call upon Me and go and pray to Me, and I will listen to you.

¹³ And you will seek Me and find Me, when you search for Me with all your heart.

*¹⁴ I will be found by you, says the LORD, and **I will bring you back from your captivity; I will gather you from all the nations and from all the places where I have driven you, says the LORD, and I will bring you to the place from which I cause you to be carried away captive.***

Later, Prophet Daniel referred to the same revelation to Jeremiah in Bible's Daniel 9:1-2:

¹In the first year of Darius son of Xerxes (a Mede by descent), who was made ruler over the Babylonian kingdom.

*² In the first year of his reign, I, Daniel, understood from the Scriptures, according to the **word of the LORD given to Jeremiah the prophet, that the desolation of Jerusalem would last seventy years.***

There were about **20 years** from the first deportation of some Jews (which included Prophet Daniel and some of his friends) to Babylon **around 607 BC till** the destruction of **Solomon's Temple (First Temple)** in Jerusalem by the Babylonians and the forced exile of the remaining Jews in Palestine to

Babylon around **587 BC**. The Jews were forced to remain in Babylon for about **50 years** till a decree was issued around **537 (or 536) BC** by **Persian King Cyrus**, after he conquered Babylon, that allowed the Jews to return to Palestine. This means the total period was: 20 years + 50 years = **70 years**.

After the Jews started to return from Babylon to Jerusalem around **536 (or 537) BC**, it took them around **20 years** to finish re-building the Temple in Jerusalem. The **re-building of the Jewish Temple (Second Temple)** started in 521 BC and finished around **517 (or 516) BC**. This means from destruction of the First Temple around **587 (or 586) BC** till the completion of re-building the Second Temple around **517 (or 516) BC**, there were **70 years** (= 50 years + 20 years).

Later, **the Second Jewish Temple** was also destroyed, but this time, by the Romans when they conquered Jerusalem around **70 AD**. This means God punished the Jews for rejecting Jesus Christ as a Messiah and Prophet about **70 years** after the birth of Jesus. After the Romans crushed the second Jewish revolt led by Bar Kochba against Rome in 135 A.D., Roman **Emperor Hadrian** changed the name of **Jerusalem** to **Aelia Capitolina**, and changed the name of **Israel and Judea** to **Palestina (Palestine)**.

From year **517 BC** (in which the Second Temple's construction was completed) till year **70 AD**, there are: $517 + 69 = 586$ years (which is about equal to the number of year from destruction of the First Temple in **587 (or 586) BC** till the birth of Jesus).

A. The **70 – 71 year** period from **1896 – 1898** to **1967** can be divided into: (1) a period of about **19 - 20 years**, followed by a period of about **50 - 52 years**, or (2) a period of about **50 - 52 years**, followed by a period of about **19 – 20 years**.

(1) The **70 – 71 year period** from **1896 – 1898** to **1967** can be divided into: a period of about **19 - 21 years** (from **1896 – 1898** to **1915 - 1917**), followed by a period of about **50 – 52 years** (from **1915 – 1917** to **1967**):

- **From 1896 – 1898** [(a) Father of Zionism, **Theodor Herzl's** famous booklet titled *Der Judenstaat (The Jewish State)*, advocating the creation of a **Jewish state**, was published on **February 14, 1896** (Shaban 29, 1313 Hijri), (b) **Ameen Al-Husseini** (descendant of Prophet Mohammad (p)'s grandson Al-Husseini), Mufti of Jerusalem and the top Palestinian leader who opposed the creation of Jewish State in Palestine and played a key role particularly between 1917 to 1948, and even up to the creation of Palestinian Liberation Organization in 1964, was born around **1897**, (c) the **first congress of the Zionist Organization (Z.O.)**, with Theodor Herzl serving as Chairman, was held in Basel, Switzerland, on **August 29 - 31, 1897**, and (d) City of **New York** was created on **January 1, 1898** (The numerical value of "**New York**" is equal to the numerical value of "**Israel**")]

to 1915 - 1917 [(a) **Moshe Dayan**, Minister of Defence of Israel who played a key role in 1967 war and Israel's capture of Jerusalem, and who was an Awar (having a defective eye) was born on **May 20, 1915** (May 7, 1915 Julian), (b) As a result of the **McMahon–Hussein Correspondence** (exchange of 10 letters) from **July 14, 1915 (Ramadan 1, 1333 Hijri)** till January 30, **1916** between **Sir Henry McMahon**, British High Commissioner in Egypt and the Sharif of Mecca, **Hussein bin Ali** (descendant

of Prophet Mohammad (p)'s grandson Al-Hasan) in which McMahon promised Britain's support for Arab independence, the Arab revolution against the Ottomans started in **June 1916**, (c) **Balfour Declaration (or Promise)** by the British government to facilitate the creation of a homeland in Palestine for the Jews was offered to the Jews in a letter signed by Britain's Foreign Minister on **November 2, 1917**, and (d) Ottoman Governor of Jerusalem's **letter of surrender** was delivered to British invading forces by former mayor of Jerusalem, **Dr. Hussein Al-Husseini** (descendant of Prophet Mohammad (p)'s grandson Al-Husseini) and then British forces entered Jerusalem, ending Muslims' rule of Jerusalem since 1244], there are about **19 - 21 years**.

- **From 1915 - 1917**

to 1967 (Israel captured the West Bank, including Old City of Jerusalem, and Gaza, meaning **all of Palestine** became under the rule of Israel, in **June 1967**), there are about **50 years**.

Therefore, from **1896 – 1898** to **1967**, there are about: 20 years + 50 years = **70 years**

(2) The **70 – 71 year period** from **1896 – 1898** to **1967** can be divided into a period of about **50 - 52 years** (from **1896 – 1898** to **1946 – 1948**), followed by a period of about **19 – 21 years** (from **1946 – 1948** to **1967**):

- **From 1896 – 1898** [(a) Father of Zionism, **Theodor Herzl**'s famous booklet titled *Der Judenstaat* (*The Jewish State*), advocating the creation of a **Jewish state**, was published on **February 14, 1896** (Shaban 29, 1313 Hijri), (b) **Ameen Al-Husseini** (descendant of Prophet Mohammad (p)'s grandson Al-Husseini), Mufti of Jerusalem and the top Palestinian leader who opposed the creation of Jewish State in Palestine and played a key role particularly between 1917 to 1948, and even up to the creation of Palestinian Liberation Organization in 1964, was born around **1897**, (c) the first congress of the Zionist Organization (Z.O.), with Theodor Herzl serving as Chairman, was held in Basel, Switzerland, on **August 29 - 31, 1897**, and (d) City of **New York** was created on **January 1, 1898** (The numerical value of "New York" is equal to the numerical value of "Israel")]

to 1946 – 1948 [(a) **Donald Trump** (who is likely to become the first Dajjal in the End Times) was born on **June 14, 1946**, (b) United Nations voted in favor of **partitioning Palestine** on **November 29, 1947**, (c) **State of Israel** was established on **May 14, 1948**, (d) Jordan captured Old City of Jerusalem on **May 28, 1948** (**Rajab 19, 1367 Hijri**) (**Iyar 19, 5708 Jewish**), and (e) **Palestinian National Council** convened in **Gaza** on **September 30 - October 1, 1948**. It issued a **declaration of independence** over the **whole land of Palestine**, with Jerusalem as its capital. It elected unanimously former Mufti of Jerusalem, **Ameen Al-Husseini** (descendant of Prophet Mohammad's grandson Al-Husseini) as President of Palestine.], there are about **50 - 52 years**.

- **From 1946 – 1948**

to 1967 (Israel captured the West Bank, including Old City of Jerusalem, and Gaza, meaning **all of Palestine** became under the rule of Israel, in **June 1967**), there are about **19 - 21 years**.

Therefore, from **1896 – 1898** to **1967**, there are about: 51 years + 19 years = **70 years**

B. Similarly, we may witness a **repetition of such historical pattern**, involving the **70 – 71 year** period from **1946 - 1948** to **2019** (possible beginning of the End Times) which can be divided into: (1) a period of about **19 - 21 years**, followed by a period of about **50 - 52 years**, or (2) a period of about **50 - 52 years**, followed by a period of about **19 – 21 years**.

(1) The **70 – 71 year period** from **1946 - 1948** to **2019** can be divided into a period of about **19 - 20 years** (from **1946 – 1948** to **1967**), followed by a period of about **52 years** (from **1967** to **2019**):

- **From 1946 – 1948** [(a) **Donald Trump** (who is likely to become the first Dajjal in the End Times) was born on **June 14, 1946**, (b) United Nations voted in favor of **partitioning Palestine** on **November 29, 1947**, (c) **State of Israel** was established on **May 14, 1948**, (d) Jordan captured Old City of Jerusalem on **May 28, 1948 (Rajab 19, 1367 Hijri) (Iyar 19, 5708 Jewish)**, and (e) **Palestinian National Council** convened in **Gaza** on **September 30 - October 1, 1948**. It issued a **declaration of independence** over the **whole land of Palestine**, with Jerusalem as its capital. It elected unanimously former Mufti of Jerusalem, **Ameen Al-Husseini** (descendant of Prophet Mohammad's grandson Al-Hussein) as President of Palestine.]

to 1967 (Israel captured the West Bank, including Old City of Jerusalem, and Gaza, meaning **all of Palestine** became under the rule of Israel, in **June 1967**), there are about **19 - 21 years**.

- **From 1967**

to 2019 (possible **beginning of the End Times**), there are **52 years**.

Therefore, from **1946 – 1948** to **2019**, there are about: 19 years + 52 years = **71 years**

(2) The **71 year period** from **1946 – 1948** to **2019** can be divided into a period of about **50 years** (from **1946 – 1948** to **1996 – 1998**), followed by a period of about **20 years** (from **1996 – 1998** to **2019**):

- **From 1946 – 1948**

to 2000 [On **September 29, 2000 (Jumada Thania 29, 1421 Hijri) (Elul 29, 5760 Jewish)** (2451,816.5th Julian Day), the day after **Ariel Sharon's provocative visit** to the Aqsa Mosque, the **Second Intifada (uprising)** of the Palestinians started. The second intifada led to Israel's disengagement plan by unilateral withdrawal from the Gaza Strip], there are about **52 years**.

- From 2000

to 2019 (possible beginning of the End Times), there are 19 years.

Therefore, from 1946 – 1948 to 2019, there are about: 52 years + 19 years = **71 years**

C. The following numerical analysis illustrates the numerical significance of 70 – 71 years, supporting the historical pattern discussed above:

On **November 29, 1947** (Muharram 16, 1367 Hijri) (Kislev 16, 5708 Jewish), the U.N.'s voted in favor of partitioning Palestine by giving the Jews a significant portion of Palestine. The **Zionist Jews** unilaterally declared the establishment of **State Israel** in Palestine on **May 14, 1948** (Rajab 5, 1367 Hijri) (Iyar 5, 5708 Jewish). This led to invasion of Palestine by neighboring Arab countries, on **May 15, 1948**, to liberate it. The war between the Jews and the Arabs in Palestine ended next year in **1949**, with an armistice (truce) agreement signed separately on different dates between Israel and each of the **four Arab countries** that participated in the war, meaning Egypt, Jordan, Lebanon, and Syria. The last such armistice (truce) agreement (which was the 4th armistice) was signed between Israel and Syria on **July 20, 1949** (Ramadan 23, 1368 Hijri) (Tammuz 23, 5709 Jewish). So, Israel became fully established, enjoying temporary relative peace and safe borders, starting from **July 20, 1949**, meaning about 19 months + 20 days after the U.N. resolution to partition Palestine on **November 30, 1947**.

From **1948** (declaration of establishment of Israel by the Zionists) to year **2019** (possible beginning of the End Times), there are **71 years**. Number **71** is the numerical value of:

نهايه Nihaya (End): **71** (71 is the 20th Prime Number) (96 is the 71st Composite Number)
(353 is the 71st Prime Number)

حساب Hisab (Judgment, Being held accountable for your actions, or Calculation): **71**

This may indicate that **State of Israel should end 71 years** after the declaration of its establishment.

Furthermore, notice the following the numerical value of **May 14, 1948**, the date on which the Jews declared the establishment of the **State of Israel** is **2019**:

1948 + 14 مايو Mayo (May) + 14 + 1948 : (57 + 14) + 1948 = 71 + 1948 = **2019**

The **End of State of Israel** most likely means **beginning of the End Times**. Since according to the above explanation, **State of Israel** is likely to end in **2019**, this means **Beginning of the End Times** is also likely to be in **2019**.

6th Evidence:

(1) From the first word of **verse 2 of Sura 17** و آتينا (And We brought) which begins the discussion about Moses and the Children of Israel to the word جاء (comes) in the phrase “When the Promise of the End Times comes”, there are **71 words** which may represent the **71 years** from year **1948** (establishment of State of Israel) till year **2019**.

و آتينا موسى الكتاب و جعلناه هدي لآبني اسرائيل And we brought Moses the Book and made it/him a guidance to Bani (Children) of Israel. (verse 2 of Sura 17): 6 + 462 + 116 + 454 + 6 + 159 + 19 + 92 + 302 = **1615**

فإذا جاء وعد الآخره When Promise of the End Times comes (verse 7 of Sura 17): 782 + 5 (or 6) + 80 + 838 = **1705 (or 1706)**

(2) From, and including, the **word** وقضينا “And Qadaina (decreed as a destiny)”, in **verse 4 of Sura 17** to the word عدنا (**we return**) in **verse 8 of Sura 17**, there are **71 words** which may represent **71 years**.

Notice that the numerical value of each of the following:

وقضينا إلى بني اسرائيل في الكتاب And Qadaina (decreed as a destiny) to Bani (Children) of Israel in the Book (verse 2 of Sura 17):

إن عدتم عدنا If you return, **we return** and we make Jahannam (Hell) (verse 8 of Sura 17):

State of Israel was established on **May 14, 1948**, and the Jews from around the World started to immigrate to Israel in large numbers.

This seems to be intended to indicate that the End Times will begin **about 71 years** after year **1948**, meaning in year **2019**: 1948 + 71 years = **2019**

7th Evidence:

In the **following segments of verses** which are relevant to the End Times, there are **19 words**. The **19 words** seem to be intended to indicate that the **first phase of the End Times will start** in year **2019**:

(1) The following segment of **verse 1 – 2 of Sura 17** consists of **19 words**. This seems to be intended to indicate that the End Times will start in **year 2019**:

من المسجد الحرام إلى المسجد الأقصى الذي باركنا حوله لنريه من آيتنا إنه هو السميع البصير و آتينا موسى الكتب
From the Haram Mosque to the Aqsa Mosque which we have blessed its surroundings to show him from our signs. He is the All-Hearer, the All-Seer. And we brought to Moses the Book (verse 1 – 2 of Sura 17)

(2) The following segment of **verse 30 - 31 of Sura 74** consists of **19 words**. It is preceded by the word **سنة** (Year). This seems to be intended to indicate that the **End Times will start in year 2019**:

تسعه عشر و ما جعلنا أصحاب النار إلا ملائكة و ما جعلنا عدتهم إلا فتنة للذين كفروا ليستيقن الذين أوتوا الكتب
Nineteen. And we have not made People of the Fire except as Angels. And we have not made their Idda (number, or period) except as a Fitna (Trial) for those who have disbelieved so that, will become certain, those who have been given the Book (verse 30 - 31 of Sura 74):

(3) From the beginning of **verse 12 of Sura 17** to, and including, the word **الحساب** “the Hisab (Calculation or Judgment)” in **verse 12 of Sura 17**, there are **19 words**. This seems to be intended to indicate that the End Times will start in **year 2019** :

و جعلنا الليل و النهار آيتين فمحونا آية الليل و جعلنا آية النهار مبصرة لتبتغوا فضلا من ربكم و لتعلموا عدد السنين و الحساب
And we made the Night and the Day two Ayat (signs), so we eradicated (erased or annihilated) Aya (Sign) of the Night and we made Aya (Sign) of the Day Mubsira (insightful, giver of vision, or eye-opener) so that you seek from the bounty of your Lord and so that you know **number of the years and the Hisab (Calculation or Judgment)** (verse 12 of Sura 17)

Furthermore, the word **”السنين” (the years)** is numerically almost equal to the numerical value of the word **الألفين Al-Alfain (Two Thousand)**:

السنين The years (verse 12 of Sura 17): **201**

الألفين Al-Alfain (The Two Thousand) : **202**

and the word **الحساب the Hisab (Calculation or Judgment)**], which is the **19th word** in this verse, is numerically almost equivalent to:

الحساب the Hisab (Calculation or Judgment) (verse 12 of Sura 17): **102**

تاسع عشر Nineteenth : $531 \text{ (or } 530) + 570 = 1101 \text{ (or } 101)$ (equivalent to **101**)

Nineteen : 530 + 570 = 1100 (equivalent to **100**)

So, together the phrase السنين و الحساب [the years and the Hisab (Calculation or Judgment)] is numerically almost equivalent to “The Two Thousand and Nineteen”, meaning it is pointing to **year 2019**:

السنين و الحساب **the years** and **the Hisab** (Calculation or Judgment): 201 + 6 + 102 = **309**

الألفين و تسع عشر Al-Alfain (The Two Thousand) and Nineteen: 202 + 6 + (530 + 570) = 202 + 6 + 1100 = **1308** (equivalent to **308**)

(4) The following segment of **verse 12 - 13 of Sura 17** consists of **19 words**. This seems to be intended to indicate that the End Times will start in **year 2019**:

لتعلموا عدد السنين و الحساب و كل شيء فصلنه تفصيلا و كل إنسن ألزمنه طائره في عنقه و نخرج له يوم القيمه كتبنا So that you know **Number of the years and the Hisab (Calculation or Judgment)** and every thing we have detailed in detail. And every human we made his fate accompany him by his neck and we bring out for him on **Day of the Qiyama** (Resurrection, Upheaval, or End Times) a **Book** (verse 12 - 13 of Sura 17):

(6) The following segment of **verse 7 – 8 of Sura 17** consists of **19 words**. This seems to be intended to indicate that the End Times will start in **year 2019**:

الآخره ليسوا و جوهكم و ليدخلوا المسجد كما دخلوه أول مره و ليتبروا ما علو تتبيرا عسى ربكم أن يرحمكم وان عدتم the End Times, they shall ruin your faces and they shall enter the Mosque like they entered it the first time and they shall destroy how high they reach, an utter destruction. Perhaps your Lord may have mercy on you. And if you return (verse 7 – 8 of Sura 17):

(7) From the beginning of **verse 103 of Sura 17** to the word وعد (**Promise**), which is followed by the word الآخره (**Promise of the End Times**) in **verse 104 of Sura 17**, there are **19 words**. This seems to be intended to indicate that the End Times will start in **year 2019** :

فأراد أن يستفزه من الأرض فأغرقته و من معه جميعا و قلنا من بعده لبني اسرئيل اسكنوا الارض فإذا جاء وعد So, he intended to provoke them out of the Land. So we drowned him and whomever was with him, Jamee’an (all of them). And we said, after him, to Bani (Children) of Israel: Inhabit the Ard (Land or Earth). When Promise comes (verse 103 - 104 of Sura 17):

(8) The following segment of **verse 98 - 99 of Sura 18** consists of **19 words**. This seems to be intended to indicate that the End Times will start in **year 2019**:

وعد ربي جعله دكاء و كان وعد ربي حق و تركنا بعضهم يومئذ يموج في بعض و نفخ في الصور When Promise of my Lord comes, he shall turn it into ruins and thus Promise of my Lord shall be fulfilled. And we let

some of them make waves against others. And the Trumpet shall be blown (verse 98 – 99 of Sura 18):

(9) The following segment of **verse 39 – 41 of Sura 50** consists of **19 words**. This seems to be intended to indicate that the End Times will start in **year 2019**:

الشمس و قبل الغروب و من الليل فسيحه و أدبار السجود و استمع يوم يناد المناد من مكان قريب يوم يسمعون الصيحة بالحق
the Sun and before the setting and of the night, glorify him and after the prostration. And listen the Day the caller calls from a close place. The day they hear the Saiha (Scream) in the Haq. (verse 39 – 41 of Sura 50)

8th Evidence:

The **first verses revealed** were the first verses of **Sura 96** which is the **19th Sura** from the end of the Quran. Furthermore, **Sura 96** consists of **19 verses**. The number of the first words revealed after the word Iqra (Recite) is **19**. This could be intended by Allah to indicate to us that the **End Times will start in year 2019**.

9th Evidence:

From **Sura 9** till **Sura 27**, there **19 Suras**. This could be intended to indicate that the **End Times will begin in year 2019**.

Similarly, from **second verse of Sura 9** till the **first verse of Sura 28**, there are **2019 verses**. This could be intended to indicate that the **beginning of the End Times** will be in **year 2019**.

There are certain mysterious aspects about **Sura 9** and its connection with **Sura 27**:

- (1) **Sura 9** is the **only Sura** in the Quran which is **not preceded** by the phrase **بسم الله الرحمن الرحيم** "In the name of Allah, the Rahman, the Raheem". While **Sura 27** is **the only Sura** in the Quran in which phrase "In the name of Allah, the Rahman, the Raheem" is mentioned in the body of the Sura, in addition to being also preceded by this phrase.
- (2) A controversy regarding the authenticity of **last 2 verses (verse 128 and verse 129)** of **Sura 9** was raised by **Dr. Rashad Khalifa**. He was BioChemistry Professor at University of Arizona who did extensive research on the mathematical structure of the Quran, and advocated a hypothesis that everything in the Quran is structured around the **number 19**. Because the number of verses of the Quran did not fit his hypothesis, he claimed that the **last 2 verses** of Sura 9 are not authentic verses and **should not be included** in the Quran. He later claimed to be a Messenger of Allah. Such controversial findings and claims were rejected by many Muslim scholars.

Furthermore, from **Sura 9** till **Sura 27**, there are **19 Suras**. Notice the **number 19** ! Number 19, which is mentioned in **verse 30 of Sura 74**, is significant; however, Dr. Rashad Khalifa is wrong in his hypothesis that everything in the Quran is structured around the **number 19**.

10th Evidence:

Year **2019** (possible beginning of the End Times) is **19 years** after Ariel Sharon's provocative visit to the Aqsa Mosque on **September 28, 2000** which triggered the Palestinians' Aqsa Uprising on **September 29, 2000**.

Year **2019** (possible beginning of the End Times) is **38 years** (= 2 x 19) after the assassination attempt against Pope John Paul II on **May 13, 1981** (Rajab 9, 1401 Hijri) (**Iyar 9**, 5741 Jewish), in the Square of St. Peter's Basilica in the Vatican City, by a Turkish man called **Mehmet Ali Agca** who later claimed to "Christ eternal" and prophesied that humanity would be wiped out this century. He was **pardoned** by Italian President Carolo Ciampi on **June 13, 2000**.

Year **2019** (possible beginning of the End Times and **return of the Islamic Caliphate**) is **95 years** (= 5 x 19) after the **abolition of the Islamic Caliphate** in Turkey on **March 3, 1924** (**day of Israa and Miraj**).

11th Evidence:

In one his Hadiths, Prophet Mohammad (p) mentioned how the Muslims will be governed after him. The last type of governorship he mentioned is **خلافه على منهاج النبوه** "*Caliphate based on Minhaj (Style or Model) of the Prophethood*".

خلافه على منهاج النبوه Caliphate based on Minhaj (Style or Model) of the Prophethood:
[716 (or 715) + 110 + 99] + 94 = 925 (or 924) + 94 = **1019 (or 1018)** (This is part of a Hadith about the Caliphate in the End Times and the Mahdi who will serve as a Caliph)

الخلافه الإسلاميه + النبوه The Islamic Caliphate + The Prophethood: [747 + 178 (or 177)] + 94 = 925 (or 924) + 94 = **1019 (or 1018)**

The numerical value of this last type of governorship is **1019 (or 1018)** which is equivalent to **2019 (or 2018)**. According to this Hadith, the **1019 (or 1018)** consists of **925 (or 924)** followed by **94**. This seems to be intended to indicate that the Caliphate of the End Times, which is expected to be headed by the Mahdi as a Caliph, will start **94 years** after **1925 (or 1924**, the year in which the Islamic Caliphate ended), meaning around year **2019 (or 2018)**: 1925 (or 1924) + 94 = **2019 (or 2018)**

Furthermore, the following segment of **verse 105 of Sura 21** confirms the Hadith mentioned above:

يرثها عبادي الصالحون shall inherit it my righteous worshippers (verse 105 of Sura 21): 716 +

$[87 + 216 \text{ (or 215)}] = 716 + 303 \text{ (or 302)} = \mathbf{1019 \text{ (or 1018)}}$

خلافه عبادي الصالحون Caliphate of my righteous worshippers: $716 + [87 + 216 \text{ (or 215)}] = 716 + 303 \text{ (or 302)} = \mathbf{1019 \text{ (or 1018)}}$

خلافه المهدي حفيد علي Caliphate of the **Mahdi**, grandson of **Ali**: $716 + (90 + 102 + 110) = 716 + 302 = \mathbf{1018}$ [The **Mahdi** is expected to be a grandson of Fatima (prophet Mohammad's daughter) and her husband **Ali bin Abi Taleb** (the last of the four Guided Caliphs who succeeded Prophet Mohammad (p) in the governorship of Muslims. It is worth noting that Ali served as a Caliph after the death of the third Caliph Othman. Similarly, the Mahdi is going to serve as Caliph in the End Times after the last Caliph of the Ottoman Empire who served till 1924.)]

خلافه المهدي ابن الحسين Caliphate of the **Mahdi**, son of **Al-Hussein**: $716 + (90 + 53 + 159) = 716 + 302 = \mathbf{1018}$ (This seems to indicate that the **Mahdi** is likely to be a son of **Al-Hussein**, one of the two sons of Fatima and Ali)

خلافه العرب Caliphate of the Arabs: $716 \text{ (or 715)} + 303 = \mathbf{1019 \text{ (or 1018)}}$ (This seems to indicate that the **Imam Mahdi** will be an **Arab**)

12th Evidence:

The following is a Hadith of Prophet Mohammad (p) about the Mahdi:

لا تقوم الساعة حتى تمتلئ الأرض ظلما وعدوانا - قال - ثم يخرج رجل من عترتي أو من أهل بيتي يملؤها قسطا وعدلا كما ملئت ظلما وعدوانا The Hour shall not arise till the Earth is filled with oppression and aggression - he said – then a man emerges from my Itraty (family or close relatives) or from People of my House. He fills it with equity and justice like it was filled with oppression and aggression.

Another version of the Hadith spells the word “he fills it” as يملأها instead of يملؤها .

This Hadith provides us with:

(a) The **Christian year** in which the **Mahdi will emerge**:

يملاها قسطا و عدلا كما ملئت ظلما و عدوانا He fills it with equity and justice like it was filled with oppression and aggression: $87 + 170 + 6 + 105 + 61 + 480 + 971 + 6 + 132 = \mathbf{2018}$ (This is part of a Hadith about the Mahdi)

(b) The **Hijri year** in which the **Mahdi will emerge**:

حتى تمتلئ الأرض ظلما و عدوانا till the Earth is filled with oppression and aggression: $418 + 881 \text{ (or 882)}$

880) + 1032 + 971 + 6 + 132 = **3440 (or 3449)** (equivalent to **1440**) (This is part of a Hadith about the Mahdi)

بيتي يملأها قسطا و عدلا كما ملئت ظلما و عدوانا My House. He fills it with equity and justice like it was filled with oppression and aggression: 422 + [87 + 170 + 6 + 105 + 61 + 480 + 971 + 132] = 422 + 2018 = **2440** (equivalent to **1440**) (This is part of a Hadith about the Mahdi)

13th Evidence:

Year **2019** is equivalent to the numerical value of:

واحد Wahid (One): **19 (or 18)** (**38 = 2 x 19**) (**19 + 31 = 50**) (**19** is the **8th** Prime Number) (**30** is the **19th** Composite Number) (**67** is the **19th** Prime Number) (**92** is the **67th** Composite Number)

يهد guides (or destroys) (verse 17 of Sura 18): **19**

هدى Huda (Guidance) (verse 2 of Sura 2): **19**

هدي Hadi (Offering) (verse 203 of Sura 2) & (verse 97 of Sura 5): **19**

وجهه His face: **19**

طغى Tagha (Oppressed/Transgressed or has become an Oppressor / Tansgressor) (verse 43 of Sura 20): **1019** (**1019** is the **171st** Prime Number) (**1219** is the **1019th** Composite Number)

في آخر الزمن In End of the Time: 90 + 801 (or 802) + 128 (or 129) = **1019 (1020 or 1021)**

خلقته من نطفه We created him from a sperm (verse 77 of Sura 36): 785 (or 786) + 90 + 144 = **1019 (or 1020)** (equivalent to **19**)

يرثها عبادي الصالحون shall inherit it my righteous worshippers (verse 105 of Sura 21): 716 + [87 + 216 (or 215)] = 716 + 303 (or 302) = **1019 (or 1018)**

خلافه على منهاج النبوه Caliphate on the path of Prophethood: 716 (or 715) + [110 + 99 (or 98) + 94] = 716 (or 715) + 303 (or 302) = **1019 (1017 or 1018)** (This is part of a Hadith)

خلافه العرب Caliphate of the Arabs: 716 (or 715) + 303 = **1019 (or 1018)** (This seems to indicate that the **Imam Mahdi** will be an **Arab**)

الخلافه الإسلاميه + النبوه The Islamic Caliphate + The Prophethood: [747 + 178 (or 177)] + 94 = 925 (or 924) + 94 = **1019 (or 1018)**

الدجال المسيخ ابن يوسف The Dajjal, the Maseekh (False Messiah) son of Yoseph (Joseph) : 69 + [741 + 53 (or 52) + 156] = 69 + 950 (or 949) = **1019 (or 1018)**

النهار و تولج النهار The Day and causes the Day to penetrate (verse 27 of Sura 3): **1019**

يزداد الذين ءامنوا إيماننا Those who have believed grow in faith (verse 31 of Sura 74): 26 + 791 + 99 + 103 = **1019**

إنا أنزلناه في ليله القدر و ما أدريك ما We have descended it (or him) in Lailat (Eve or Night) of the Qadr. And how would you know what (verse 1 - 2 of Sura 97): 52 + 144 + 90 + 75 + 335 + 6 + 41 + 235 + 41 = **1019**

إنا أنزلناه في ليله القدر و ما أدراك We have descended it (or him) in Lailat (Eve or Night) of the Qadr. And how would you know (verse 1 - 2 of Sura 97): 102 + 144 + 90 + 75 + 335 + 6 + 41 + 226 = **1019**

The following illustrates how the **name of Prophet Mohammad (p)** is numerically connected to **number 19**.

Number **92** is the **67th** Composite. Number **92** is the numerical value of:

محمد Mohammad: **92**

Number **67** is the **19th** Prime Number.

The first verse of Sura of the Israa which is about the Israa is the **2019rd** verse of the Quran from verse 4 of Sura 2 of the Quran which is the first verse in the Quran that mentions the word Al-Akhira (the End Times).

14th Evidence:

Let us examine the numerical value of **2019** when it is **expressed in words**:

2019 عام Aam (Year) 2019 : $111 + 2019 = 2130$

لا تعثوا في الأرض Do not mess in the Ard (Land or Earth) (verse 36 of Sura 29): $(31 + 977 + 90) + 1032 = 1098 + 1032 = 2130$

1313 is the **1098th** Composite Number. Number **1098** is equivalent to **98**, the numerical value of:

Jahannam (Hell): **98** (= $2 \times 7 \times 7$) (**98** is the **72nd** Composite Number)
(**130** is the **98th** Composite Number) (**521** is the **98th** Prime Number)

Father of Zionism, Jewish journalist **Theodor Herzl**'s famous booklet titled **Der Judenstaat** (**The Jewish State**), advocating the creation of a **Jewish state**, was published in Vienna, Austria, on **February 14, 1896 (Shaban 30, 1313 Hijri)** (Shevat 30, 5656 Jewish Calendar).

وعد الآخرة Promise of the End Times (verse 7 of Sura 17): $(80 + 31) + 1202 (or 1201) = 111 + 1202 (or 1201) = 1313 (or 1312)$

There is another interesting aspect about the date of Herzl's Book, **Shaban 30, 1313 Hijri**, is the fact that numerical value of **Shaban** is equal to the numerical value of the word "**Book**". So, the date (Shaban + 1313) is numerically equal to (Book + Promise of the End Times).

B. Why year 1440 Hijri could be year of the Beginning of the first phase of the End

Times?

The following collection of evidence and analysis explains why **1440 Hijri** is one of the possible years for the beginning of the End Times:

1440 Hijri (starts on September 11, **2018** – ends on August 30, **2019**)

1st Evidence:

There is a connection between the word **“Nineteen”** in **verse 30 of Sura 74** and the word **“Angels”** in **verse 31 of Sura 74** on one hand and **Sura 105** (Sura of the Elephant) and **Sura 19** (Sura of Mary) on the other hand.

سأصليه سقر و ما أدراك ما سقر لا تقي و لا تذر لواحده للبشر عليها تسعه عشر و ما جعلنا أصحاب النار إلا ملئكه و ما جعلنا عدتهم إلا فتنه I shall cast him into **Saqar (Fire in Hell)**. And how would you know what **Saqar** is ? It does not keep and does not leave. It darkens the humans. Over it are **Nineteen**. And we have not made People of the Fire except as **Angels** and we have not made their Idda (count, number, or period) except as a Fitna (Trial) (verse 26 - 31 of Sura 74): $196 + 360 + (6 + 41 + 226 + 41 + 360 + 31 + 512 + 6 + 31 + 1300 + 50 + 562) + 116 + (535 + 570) + (6 + 41 + 154 + 101 + 282 + 32 + 105 + 6 + 41 + 154 + 519 + 32 + 535 + 820 + 307 + 660 + 791 + 414) = 196 + 360 + (3166 + 116) + 1105 + 2008 = 196 + (360 + 3282) + 1105 + 5453 + 2008 = (196 + 3642) + 1105 + 2008 = 3838 + 1105 + 2008 = 6951$

The word **“Nineteen”** and the word **“Angels”** are numerically equivalent to each other:

تسعه عشر Nineteen. (verse 30 of Sura 74): $535 + 570 = 1105$ (equivalent to **105**)

ملئكه Angels (verse 31 of Sura 74): **105 (or 106)**

Sura 105 (Sura of the Elephant) is the **105th Sura** in the Quran; however, it was the **19th Sura** revealed to Prophet Mohammad (p). So, this explains why the word **“Nineteen”** in **Sura 74** could be connected to **Sura 105**. What confirms this connection is the fact that the **numerical value of first verse of Sura 105** is **1440** (1437, 1438, or 1439) which seems to be intended to indicate the **End Times will begin in year 1440** (1437, 1438, or 1439) **Hijri**:

ألم تر كيف فعل ربك بأصحاب الفيل Haven't you seen what your Lord has done to People of the Elephant (verse 1 of **Sura 105**) : $71 + 600 + 110 + 180 + 224$ (or 222) + 104 (or 103) + $151 = 1440$ (**1437, 1438, or 1439**)

The numerical value of the **first 19 words** (after the introductory mysterious letters) of **Sura 19** (Sura of Mary) is **6440 (or 6439)** which is equivalent to **1440**. This seems to be intended to indicate that the **End Times will begin** in year **1440 Hijri**:

Remember the mercy of your Lord, his servant Zakaria. When he called unto his Lord, an in private call. He said: My Lord, my bones have weakened and my head has become full of grey hair (verse 2 – 4 of Sura 19): **6440** (equivalent to **1440**) (The **first 19 words** (after the introductory mysterious letters) of **Sura 19**)

2nd Evidence:

The numerical value of the following segment of **verse 30 – 31 of Sura 74** is **2440** (equivalent to **1440**). The segment starts immediately after the word “**Nine**” (whose numerical value is **535**) and ends immediately before the word “**Fitna**” (whose numerical value is also **535** which means “**Fitna**” may also be intended to refer to number “**Nine**”:

عشر و ما جعلنا أصحاب النار إلا ملائكت و ما جعلنا عدتهم إلا Ashar (ten or teen). And we have not made People of the Fire except as Angels. And we have not made their Idda (number or period) except as (verse 30 - 31 of Sura 74): $[570 + 6 + 41 + 154 + 102 \text{ (or } 101) + 282 + 32 + 501 \text{ (or } 500) + 6 + 41 + 154 + 519] + 32 = 2408 \text{ (or } 2406 \text{ or } 2407) + 32 = \mathbf{2440 \text{ (2438 or 2439)}}$ (equivalent to **1440**)

Please note that the word “**Nine**” consists of almost the same letters as the word “**Hour**”:

ساعت Saat (Hour): **531 (or 530)**

تاسع Ninth: **531 (or 530)**

تسع Tisa (Nine): **530**

الملائكت The Angels (verse 4 of Sura 97): **531 (or 532)**

إلا ملائكت except as Angels (verse 31 of Sura 74): $32 + 500 = \mathbf{532}$

تسعه Tisaa (Nine) (verse 30 of Sura 74): **535**

فتنه Fitna (discord, trial, tribulation, or temptation) (verse 31 of Sura 74): **535**

3rd Evidence:

From the word الحساب [the Hisab (Judgment or Calculation)] in **verse 4 of Sura 10**, meaning immediately after the term عدد السنين (number of the years) **to**, and including, the word اسرائيل (Israel) in **verse 90 of Sura 10**, there are **1440 words**. This may be intended to indicate that the **End Times will start in 1440 Hijri**.

Verse 4 of Sura 10:

لتعلموا عدد السنين و الحساب ما خلق الله ذلك إلا بالحق يفصل الآيت لقوم يعلمون so that you may know **number of the years and the Hisab** (Judgment or Calculation). Allah has not created that except in the Haq. He details the Ayat (Signs) to people who know (verse 4 of sura 10)

Verse 90 of Sura 10

حتى اذا أدركه الغرق قال ءامنن انه لا إله الا الذي ءامنن به بنوا إسرائيل I have just believed that there is no god, except the one whom the Children of **Israel** have believed in (verse 90 of Sura 10)

4th Evidence:

From the beginning of **verse 2 of Sura 17** (which starts the discussion about Moses and the Children of Israel in this Sura) to the word الآخره (the End Times) in **verse 104 of Sura 17**, there are **1440 words**. This seem to be intended to indicate that the End Times will start in **1440 Hijri**.

Verse 2 of Sura 17:

و ءاتينا موسى الكتاب و جعلنه هدى لبني إسرائيل And we brought Moses the Book and we made it/him a guidance (or guide) to Bani (Children) of Israel (verse 2 of Sura 17): **1615**

Verse 104 of Sura 17:

فإذا جاء وعد الآخره When comes Promise of the End Times (verse 104 of Sura 17): $782 + 5 + 80 + 838$ (or 837) = **1705 (or 1704)**

the End Times (verse 104 of Sura 17): **838 (or 837)**

الألف + الأربع مائه + و أربعون The One Thousand + The Four Hundred + and Arbaoon (Forty): $142 + (304 + 56) + (6 + 329) = 142 + 360 + 335 = 837$ (This refers to **year 1440**)

يا بني إسرائيل + مملكه بني إسرائيل من النيل إلى الفرات O Bani (Children) of Israel + Kingdom of Bani (Children of) Israel is from the Nile to the Euphrates: $[11 + 62 + 302$ (or 303)] + $[135 + 62 + 302$ (or 303) + $90 + 121 + 41 + 712] = 375$ (or 376) + 1463 (1464) = **1838 (1839 or 1840)** (equivalent to **838**)

5th Evidence:

From the beginning of **verse 3 of Sura 17** to the end of **verse 105 of Sura 17**, there are **1440 words**. This seems to be intended by God to indicate to us that the End Times will begin in **year 1440 Hijri**.

Verse 3 of Sura 17:

ذريه من حملنا مع نوح The progeny of those whom we carried with Noah. (verse 3 of Sura 17): $915 + (90 + 128 + 110 + 64) = 915 + 393 = 1308$

Verse 105 of Sura 17:

و بالحق أنزلناه و بالحق نزل و ما أرسلناك إلا مبشرا و نذيرا And in the Haq (Justice, Truth, True/Right One, or Due Date) we descended it/him and in the Haq (Justice, Truth, True/Right One, or Due Date) it/he descended. And We have not sent you, except as a Mubashshir (Bearer of good news) and as a Nazeer (Warner) (verse 105 of Sura 17): $(6 + 141) + [143 \text{ (or 144)} + 6 + 141 + 87 + 6 + 41 + 361 \text{ (or 362)} + 32 + 543 + 6 + 961] = 147 + 2327 \text{ (or 2328)} = 2474 \text{ (2475)}$

6th Evidence:

From the beginning of **verse 4 of Sura 17** to the end of **verse 106 of Sura 17**, there are **1440 words**. This seems to be intended by God to indicate to us that the End Times will begin in **year 1440 Hijri**.

Verse 4 of Sura 17:

و قضينا إلى بني إسرائيل في الكتب لتفسدن في الأرض مرتين و لتعلن علوا كبيرا And We decreed unto Bani (Children) of Israel in the Book that you shall corrupt in the Ard (Earth or Land) twice and that you shall elevate to a great height. (verse 4 of Sura 17): $(6 + 961 + 41 + 62 + 302) + 90 + (453 + 624 + 90) + (1032 + 700 + 6 + 580 + 107 + 232 \text{ (or 233)}) = 1372 + 90 + 1167 + 2657 \text{ (or 2658)} = 5286 \text{ (or 5287)}$

Verse 106 of Sura 17:

و قرأنا فرقته لتقرأه على الناس على مكث و نزلناه تنزيلا And a Quran Faraqnahu (we spaced its revelation) so that you recite it unto the People slowly and We have descended it in a descent (verse 106 of Sura 17): **3098**

7th Evidence:

From the beginning of **verse 1 of Sura 18** to, and including, the word **ربي (My Lord)** in the second

time the phrase وعد ربي (**Promise of my Lord**) is mentioned in **verse 98 of Sura 18**, there are **1440 words**. This seems to be intended by God to indicate to us that the End Times will begin in **year 1440 Hijri**.

Verse 98 of Sura 18:

قال هذا رحمه من ربي فاذا جاء وعد ربي جعله دكاء وكان وعد ربي حقا He said: "This is a mercy from my Lord. When comes Promise of my Lord, he will turn it into ruins and thus **Promise of my Lord** has been true." (verse 98 of Sura 18)

The title of Sura 18 is الكهف (Al-Kahf, meaning "**the Cave**") and its numerical value is:

الكهف The Kahf (Cave): **136**

ساعه Hour: **136**

نهايه دنيا Nihaya (End) of Dunya (World before the End Times): $71 + 65 = 136$

8th Evidence:

From, and including, **verse 104 of Sura 17** (2133rd verse of the Quran) to, and including, **verse 21 of Sura 75** (5572nd verse of the Quran), there are **3440 verses** which seem to be pointing to **year 1440 Hijri**.

Verse 104 of Sura 17:

و قلنا من بعده لبني اسرائيل اسكنوا الارض فاذا جاء وعد الآخره جننا بكم لفيفا And we said, after him, to Bani (Children) of Israel: Inhabit the Land . When the Promise of the **End Times** comes, We bring you Lafifa (scrolls or mixed crowd) (verse 104 of Sura 17): **3954**

Verse 20 of Sura 75:

وتذرون الآخره And you leave out the **End Times** (verse 21 of Sura 75): $6 + 1356 + 837$ (or 838) = **2199 (or 2200)**

9th Evidence:

From, and including, **verse 15 of Sura 20** (2363rd verse of the Quran) to , and including, **verse 18 of Sura 53** (4802nd verse of the Quran), there are **2440 verses** which seem to be pointing to **year 1440 Hijri**.

Verse 15 of Sura 20:

إن الساعة آتية أكاد أخفيها لتجزى كل نفس بما تسعى The Hour is coming, I almost hide it, for each soul to be rewarded for what it strives to do (verse 15 of Sura 20): **2630 (or 2631)** (= 2 x 5 x 263) (**2630** is the **2248th** Composite Number)

Verse 17 of Sura 53:

لقد رأى من آيات ربه الكبرى He has seen of the Great Ayat (Signs) of his Lord (verse 18 of Sura 53): **1317 (or 1318)** (= 3 x 439) (**1317** is the **1102nd** Composite Number) (**1564** is the **1317th** Composite Number) This verse is the last one that describes what happened during Israa (miraculous heavenly journey) of Prophet Mohammad (p).

10st Evidence:

The following is a Hadith of Prophet Mohammad (p) about the Mahdi:

لا تقوم الساعة حتى تمتلئ الأرض ظلما وعدوانا - قال - ثم يخرج رجل من عترتي أو من أهل بيتي يملؤها قسطا وعدلا كما ملئت ظلما وعدوانا The Hour shall not arise till the Earth is filled with oppression and aggression - he said – then a man emerges from my Itraty (family or close relatives) or from People of my House. He fills it with equity and justice like it was filled with oppression and aggression.

Another version of the Hadith spells the word “he fills it” as يملأها instead of يملؤها .

This Hadith provides us with:

(a) The **Christian year** in which the **Mahdi will emerge:**

يملأها قسطا وعدلا كما ملئت ظلما وعدوانا He fills it with equity and justice like it was filled with oppression and aggression: 87 + 170 + 6 + 105 + 61 + 480 + 971 + 6 + 132 = **2018** (This is part of a Hadith about the Mahdi)

يملؤها قسطا وعدلا كما ملئت ظلما وعدوانا He fills it with Qist (equity) and Adl (justice) like it was filled with Zulm (oppression) and Odwan (aggression): 92 (or 93) + 169 + 6 + 104 + 61 + 480 + 970 + 131 = **2019 (or 2020)**

(b) The **Hijri year** in which the **Mahdi will emerge:**

حتى تمتلئ الأرض ظلما وعدوانا till the Earth is filled with oppression and aggression: 418 + 881 (or 880) + 1032 + 971 + 6 + 132 = **3440 (or 3449)** (equivalent to **1440**) (This is part of a Hadith about the Mahdi)

بيتي يملأها قسطا و عدلا كما ملئت ظلما و عدوانا My House. He fills it with equity and justice like it was filled with oppression and aggression: $422 + [87 + 170 + 6 + 105 + 61 + 480 + 971 + 132] = 422 + 2018 = 2440$ (equivalent to **1440**) (This is part of a Hadith about the Mahdi)

11th Evidence:

Year 1440 Hijri, year of the beginning of the End Times and **Emergence of the Mahdi**, is exactly **1400 Hijri** years after the year in which the last of the four Rightly Guided Caliphs, **Ali bin Abi Talib**, was killed in **40 Hijri**. The Mahdi is supposed to be a descendant of **Ali bin Abi Talib**.

12th Evidence:

Year **1440** is equivalent to the numerical value of:

الإبتداء The Ibtida (Beginning): **440 (or 439)** (**440** is the **354th** Composite Number) (**540** is the **440th** Composite Number) (**3079** is the **440th** Prime Number)

C. Why year 5779 Jewish could be year of the Beginning of the first phase of the End Times ?

The following collection of evidence and analysis explains why **year 5779 Jewish** is one of the possible years for the beginning of the End Times:

Jewish year 5779 (September 10, **2018** - September 29, **2019**)

1st Evidence:

Year **5779** is equivalent to the numerical value of:

رجوع مملكه بني إسرائيل Ruju (Return) of Kingdom of Bani (Children) of Israel : $279 + [135 + 62 + 303 \text{ (or } 302)] = 279 + 500 \text{ (or } 499) = \mathbf{779 \text{ (or } 778)}$ (779 is the 641^{st} Composite Number) (939 is the 779^{th} Composite Number)

كاذبون Kaziboon (Liars) (verse 223 of Sura 26): $\mathbf{779 \text{ (or } 778)}$

يوم العاصفه الشمسيه Day of the Solar Storm: $56 + (277 + 446) = 56 + 723 = 779$

رَبِّ السَّمَاوَاتِ وَالْأَرْضِ Lord of the Heavens and the Earth (verse 7 of Sura 44) : $[202 + 539 \text{ (or } 538)] + 6 + 1032 = 741 \text{ (or } 740) + 6 + 1032 = 1779 \text{ (or } 1778) \text{ (equivalent to } 779) \text{ (2096 is the } 1779^{\text{th}} \text{ Composite Number)}$

فيضان الآخره Fayadan (Flood) of the End Times : $941 + 838 \text{ (or } 837) = 1779 \text{ (or } 1778) \text{ (1779 is the } 1503^{\text{rd}} \text{ Composite Number)}$

كذبوا بالحق لما جاءهم فسوف يأتيهم أنباء ما They rejected the Haq (True/Right) when he came to them, so shall come to them the news of what (verse 5 of Sura 6): $1779 \text{ (= } 3 \times 593) \text{ (1779 is the } 1503^{\text{rd}} \text{ Composite Number) (2096 is the } 1779^{\text{th}} \text{ Composite Number)}$

إلغاء الخلفه Ilgha (Abolishment) of the Caliphate : $1033 + 746 \text{ (or } 747) = 1779 \text{ (or } 1780)$

فإذا جاء وعد الآخره ليسوا وجوهكم وليدخلوا المسجد كما When the Promise of the End Times comes, they shall make your faces look bad and they shall enter the Mosque, like (verse 7 of Sura 17): $(782 + 5 + 80 + 838 \text{ (or } 837) + 108 \text{ (or } 107) + 80 + 6 + 681 + 138) + 61 = 2718 \text{ (or } 2717) + 61 = 2779 \text{ (or } 2777 \text{ or } 2778)$

أيان مرسها قل انما علمها عند ربي لا يجليها لوقتها الا هو ثقلت When will its docking be ? Say, the knowledge of it is with my Lord (God). No one uncovers its timing, except he. It has become a heavy burden (verse 187 of Sura 7): $2779 \text{ (or } 2778) \text{ (equivalent to } 779)$

Year 2019 AD (1440 Hijri) (possible beginning of the End Times) coincides with **5779 Jewish Calendar.**

Chapter 2

The Second Phase of the End Times

The **Second Phase of the End Times** starts with the emergence of the Dajjal which triggers the descent of Prophet Jesus (p) from Heaven to Earth. This phase ends when Jesus dies. There is a hadith that mentions Muslims will perform a janazah (funeral) prayer for him.

The **Dajjal (Anti-Christ)** is likely to emerge around **2023 - 2024**. There is a Hadith attributed to Prophet Mohammad (p) that mentions that the **Dajjal** will remain for **40 days**, a day like a year, a day like a month, a day like a week, and the rest of his days are like our days. This could mean: $365 \text{ (or } 354) \text{ days} + 30 \text{ days} + 7 \text{ days} + 37 \text{ days} = 439 \text{ (or } 428) \text{ days}$, meaning **one year + 2 months + 14 days**.

However, it is possible that Dajjal will reign **only for 40 days** or for **just few days**.

So, if the **Dajjal (Anti-Christ)** emerges around **2023**, **Prophet Jesus** may descend from Heaven around **2024 (1445 - 1446 Hijri)**.

There is a Hadith attributed to Prophet Mohammad (p) that mentions that Jesus will reign for 7 years. So, if Jesus descends from Heaven in **2024** and reigns for **7 years**. That means Jesus may die around **2031**.

In our opinion, Jesus **is not** likely to descend from Heaven **before 2024**. There has to be **at least 5 years** between the emergence of the Mahdi in **2019** and the descent of Jesus because there are several Hadiths that indicate the Mahdi will remain or reign for 5, 7, or 9 years.

Notice the following numerical analysis:

خمسة عشر + نيسان Khamisa Ashar (Fifteen) + Nisan: $171 \text{ (or } 170) + (705 + 570) = 171 \text{ (or } 170) + 1275 = 1446 \text{ (or } 1445)$ (Nisan 15, in the Jewish Calendar, is **Passover**, the day on which the **Exodus of Children of Israel** from Egypt started. It is also the day on which Allah raised **Jesus** to Heaven, to save him from Crucifixion that was called for by the Jews.).

This means **Jesus** will return in year **1445-1446 Hijri** which is equal to the numerical value of the day on which he was raised to Heaven.

Chapter 3

The Third Phase of the End Times

The **third phase of the End Times** starts from the **death of Prophet Jesus (p)**, possibly around **2030 -2031**. Shortly after the death of Jesus (p), the souls of Believers will be lifted and only the unbelievers remain on Earth. Within a short period afterwards (about one year), the **third phase of the End Times** ends on the day on which all remaining humans and creatures on Earth will die and then get resurrected. This could be referred to as **Day of the Qiyama (Resurrection)**.

We have come to the conclusion that the **Day of the Qiyama (Resurrection)**. will most likely occur around **1454 Hijri (year 2032)**.

Year **1454 Hijri** is **1466 years** from the revelation of the Quran because the Hijri Calendar starts with the year Prophet Mohammad's Hijra (Migration) from Mecca to Madina and this Migration happened 12 years after the Quran was revealed.

Number **1466** is equivalent to **466**, the numerical value of the following:

نهايت Nihayat (End): **466**

عمر الحيوه الدنيا Omr (age or life span) of the Hayat (life) of the Dunya (World before the End Times): $310 + (60 + 96) = 310 + 156 = 466$

Furthermore, $466 = 2 \times 233$ and **1466** is the **1233rd** Composite Number. Number **1233** is the numerical value of :

الأخرت The Akhira (End Times) (verse 7 of Sura 17) & (verse 104 of Sura 17): **1233 (or 1232)**

Prophet Mohammad (p) died in **632 AD**. Year 1454 Hijri coincides with year 2032 AD. That means Day of Resurrection will occur **1400 years** after the death of Prophet Mohammad (p): $2032 - 632 = 1400$ years. Furthermore, Prophet Jesus (p) was lifted to Heaven around year 32 – 33 AD, that means Day of Resurrection will about **2000 years** after he was lifted to Heaven. These two events in which the life of a prophet on Earth ended happened in a year that ends with **number 32**, so it is reasonable to expect that the life of the remaining human beings on Earth may end in a year that ends with 32, such as **year 2032**.

There are **19 Hijri years** (18 solar years) from **Ramadan 1, 1435 Hijri (June 29, 2014)**, on which ISIS announced the Islamic Caliphate till Shaban 29 - **Ramadan 1, 1454 Hijri (year 2032)**, which we expect it to be the Day of Qiyama (Resurrection). These could be the 19 years referred to in verse 30 of Sura 74 of the Quran. ISIS presented an extremist of form of Islam and we disagree with the extremist practices of ISIS. However, this was the first serious attempt to establish an Islamic Caliphate since the End of the Islamic caliphate in Turkey in 1924.

There are **23 Hijri years** (22 solar years) from **Ramadan 1, 1431 Hijri (August 11, 2010)** the night in which **Clock of Mecca**, atop **Mecca Clock Royal Tower**, near the Haram Mosque (the holiest Islamic sanctuary), started operating till **Shaban 29 - Ramadan 1, 1454 Hijri (year 2032)** which we expect it to be the Day of Qiyama (Resurrection). **The Clock** in Arabic language is called **Al-Saat**, a word which also means **“The Hour”**:

الساعة The Sa'a (Hour or Clock) (verse 1 of Sura 54): **167** ($1837 = 11 \times 167$) (**167** is the **39th** Prime Number) (**215** is the **167th** Composite Number) (**991** is the **167th** Prime Number)

نهاية الدنيا Nihaya (End) of the Dunya (World before the End Times): $71 + 96 = 167$

الصوم The Sawm (fasting): **167**

ليلة أول الوحي Lailat (Eve) of Awwal (Beginning) of the Wahy (Revelation): $75 + (37 + 55) = 75 + 92 = 167$

ليلة محمد Night of Mohammad: $75 + 92 = 167$

ليلة رمضان 1 Lailat (Eve or Night) of Ramadan 1 : $75 + (1091 + 1) = 75 + 1092 = 1167$
($= 3 \times 389$) (**1167** is the **974th** Composite Number) (**1389** is the **1167th** Composite Number)

The Quran started to be revealed to Prophet Mohammad (p) on **Friday**, August 8, 609 AD Julian (**August 11**, 609 AD Gregorian) (1943, **714.5th** Julian Day) (**Ramadan 1**, 13 lunar years, 6 months and 12 days before day of the Hijra, meaning day of his arrival to Medina on Friday, **Rabi Awwal 12**,

Sept. 24, 622 AD Julian). Prophet Mohammad (p) died on Monday, June 8, 632 AD Julian (June 11, 632 AD Gregorian) (**Rabi Awwal 12**, 11 Hijri). The period from Prophet Mohammad's (p) arrival to Medina till his death is exactly 10 lunar Hijri years. Therefore, the period from the beginning of the revelation of the Quran till the death of Prophet Mohammad (p) is **23 lunar years**, 6 months, and 12 days, meaning 22 solar years and 10 months.

Notice how the Clock of Mecca was activated on **August 11, 2010 (Ramadan 1, 1431 Hijri)**, meaning on **exactly the same day** in both the Hijri Calendar and the Gregorian Calendar, on which the Quran started to be revealed to Prophet Mohammad (p) on **August 11, 609 AD Gregorian (Ramadan 1)**.

Just like there were **23 Hijri years** from the beginning of the revelation of the Quran to Prophet Mohammad (p) in Mecca, on **August 11, 609 AD**, the eve of **Ramadan 1**, till the death of Prophet Mohammad (p) in **year 632**, it is reasonable to expect similarly that there will be **23 Hijri years** from the activation of Clock of Mecca on **August 11, 2010 (Ramadan 1, 1431 Hijri)** till Day of the Resurrection on **Friday, December 3, 2032 (Ramadan 1, 1454 Hijri)**.

August 11 is the **223rd day** of the regular Christian year (Gregorian Calendar). Number **223** is the numerical value of "**Day of the Hour/Clock**".

يوم الساعة Day of the Sa'a (Hour or Clock): $56 + 167 = 223$

يوم نهايه الدنيا Day of Nihaya (End) of the Dunya (World before the End Times): $56 + (71 + 96) = 56 + 167 = 223$

ليله نزول الوحي Night (Eve) of the descent of the Wahi (Revelation): $75 + (93 + 55) = 75 + 148 = 223$

Furthermore, the numerical value of the word "**Mecca**" is equal to the numerical value of the Arabic word **Dunya** (World before the End Times). This means the **Clock/Hour of Mecca** is the **Clock/Hour of Dunya** (World before the End Times).

It is also worth noting that we started writing our **End Times Book** (which is the first book to reveal secrets of the End Times) shortly after the end of **Ramadan 1431 Hijri (year 2010)**, in the same year in which the Clock of Mecca was activated. However, please note that we don't think that we (the authors of this End Times Book) will live till the year of the Day of Resurrection.

The following Hadith of Prophet Mohammad (p) has been reported in Sahih Bukhari and Sahih Muslim:

بعثت و الساعة كهاتين

“I was sent, I, and the Hour, like these two” (he displayed two of his fingers next to each other).

This Hadith has been misinterpreted by many Muslims who think that this Hadith means the Hour should happen during the lifetime of Prophet Mohammad (p) and shortly afterwards.

In our opinion, this Hadith is telling us the Hour is very close to Prophet Mohammad (p)’s appointment by Allah as a Prophet and Messenger, meaning the beginning of the revelation of the Quran, in terms of the day, not in terms of years. In other words, the Hour will happen on the same day or night Prophet Mohammad (p) was appointed by Allah, but not necessarily in the same year, or even in a close year.

Most likely, the Quran was revealed to Prophet Mohammad (p) on the eve of Ramadan 1.

The following segment of **verse 30 - 31 of Sura 74** starts with **1439 (or 1440**, year of Emergence of the Mahdi and Beginning of the End Times) and ends with **454** (which represents year 1454 Hijri, in which Day of Resurrection is likely to be) and between these two years is a reference to **Beginning of Ramadan**. This is a hint from Allah that both the Beginning of the End Times and the Day of Resurrection will be on the Beginning of Ramadan. It is also worth noting that the whole segment consists of **19 words** and starts with the word “**Nineteen**”. In our opinion, the 19 words represent **19 years** from **Ramadan 1, 1435 Hijri**, the day on which ISIS announced its Islamic Caliphate, till **Ramadan 1, 1454**, the Day of Resurrection. The numerical value of the first five words up to “the” is 1439 (or 1440) and they are followed by **14 words**, starting from the word “Fire”, which seems to be intended to indicate that after the Emergence of the Mahdi and Establishment of the Real Islamic Caliphate on **Ramadan 1, 1440 Hijri**, there will be **14 Hijri years** till Day of Resurrection on **Ramadan 1, 1454 Hijri**. By the way, 1454 is equivalent to 454, the numerical value of “Paradises”:

1454 + رمضان + بدايه + 1440 1440 + Bidaya (Beginning) of Ramadan + 1454: 1440 + 22 + 1091 + 1454 = **4007**

تسعه عشر و ما جعلنا أصحاب النار إلا ملءكت و ما جعلنا عدتهم إلا قنته للذين كفروا ليستيقن الذين أوتوا الكتاب

Nineteen. And we have not made People of the Fire except as Angels. And we have not made their Idda (number or period) except as a Fitna (Trial) for those who have disbelieved so that will become certain those who have been given the Book (verse 30 - 31 of Sura 74): (535 + 570 + 6 + 41 + 154 + 102 + 31) + [251 + 62 + 491 (or 492) + 6 + 41 + 154 + 519 + 32 + 535] + (820 + 307 + 660 + 821 + 414) + 454 = 1439 + 2091 (or 2092) + 3022 + 454 = **7006**

It is worth mentioning that year **1454 Hijri** was chosen by Allah to be year in which Day of Resurrection will occur possibly because **1454** is equivalent to **454**, which the numerical value of:

الكتاب The Book: **454 (or 453)**

قرآن مبين an evident Quran (verse 1 of Sura 15): 352 (or 351) + 102 = **454 (or 453)**

نهاية القرآن Nihaya (End) of the Quran: 71 + 383 = **454 (or 453)** (The Quran consists of 6236 verses. **Shaban 29** is the 236th day in the Hijri Calendar)

جنات Paradises (verse 8 of Sura 98): **454 (or 453)**

The following segment of **verse 39 – 42 of Sura 50** reveals in detail how to figure out year of Beginning of the End Times which is 1440 Hijri and year of Day of Resurrection which is 1454 Hijri, by starting the counting from year 1431 Hijri:

طلوع الشمس و قبل الغروب و من الليل فسبحه و أدبر السجود و استمع يوم ينادي المنادي من مكان قريب يوم يسمعون
 الصيحت بالحق ذلك يوم الخروج Rise of the Sun and before the Setting and of the night, praise him and after
 the prostration. And listen the Day the caller calls from a close place. The Day they hear the Saiha
 (Scream) in the Haq, that is Day of the Khuruj (Coming out or Departure) (verse 39 – 42 of Sura 50):
 $115 + 431 + (6 + 132 + 1239 + 6 + 90 + 101 + 157 + 6 + 207 + 104 + 6 + 571 + 56 + 75 + 136 + 90 + 111 + 312 + 56 + 236 + 539 + 141 + 750 + 56 + 840) = 115 + (431 + 6023) = 115 + 6454 = 6569$

1454 سنه Year 1454 : $115 + 1454 = 1569$

In the above segment, the numerical value of the first word “Rise” is 115 which is equal the numerical value of the word “**Year**”. The second word which is “the Sun” is equal numerically to 431, meaning it represents year **1431 Hijri**, which is the year in which the Clock of Mecca was activated and year in which we started our End Times Book. The number of words of this segment is **23 words**, which probably represents **23 years**. The last word in the segment is the Khuruj (Coming out) which refers to “Coming out of the Graves, which is associated with the Resurrection”. This segment seems to be to indicate that if we count **23 years** from year **1431 Hijri**, we reach Year of the Resurrection in **1454 Hijri** (= Year 1431 + 23 years).

Allah has also provided us with another way to confirm this conclusion. Notice how the numerical value of the segment after the word “the Sun”, whose numerical value is 431, is 6023. That means the numerical value of the segment starting from “the Sun” till the end is: 431 (equivalent to 1431 Hijri) + 6023 (equivalent to 23 years) = 6454 (equivalent to **1454 Hijri**)

Furthermore, we would like to point out that this segment can be divided into 2 segment. The first segment till the end of verse 40 consists of 9 words, which probably intended to represent 9 years. That means 9 years after 1431 Hijri: $1431 + 9 \text{ years} = \text{Year } 1440 \text{ Hijri}$ (which is beginning of the End Times). The last segment, which starts from beginning of verse 41 and ends in the last word of verse 42, consists of 14 words. This means, there will be 14 years from 1440 Hijri till **year of Day of Resurrection**: $1440 \text{ Hijri} + 14 \text{ years} = 1454 \text{ Hijri}$

The whole segment may also be intended to indicate that just like Clock of Mecca was activated on Shaban 29 - Ramadan 1 in **1431 Hijri**. The beginning of the End Times (including emergence of the Mahdi), will be on Shaban 29 - Ramadan 1 in **1440 Hijri** and finally the Day of Resurrection will be on Shaban 29 - Ramadan 1, **1454 Hijri**.

The total number of words from beginning of verse 2 of Sura 17 till the end of verse 105 of Sura 17 is **1452 words**. The number of the words could be **1454 words**, if we consider **بموسى** (O Moses), which is mentioned in **verse 101**, as two words **يا موسى** (O Moses) the way it would be written in modern

Arabic **and** if we consider **يفرعون** (O Pharaoh), which is mentioned in **verse 102**, as two words **يا فرعون** (O Pharaoh).

Verse 2 of Sura 17 starts that discussion about Prophet Moses and Children of Israel. Verse 105 of Sura 17 even though it is usually interpreted to refer to the descent of the Quran, we believe that is also about the descent of Jesus from Heaven in the End Times. The numerical value of the next verse (verse 106) is 3098 (equivalent to 98). Number 98 is the numerical value of Jahannam (Hell).

Similarly, the number of words from the beginning of Sura 18 till the end of verse 99 is **1452 words**. The number of the words could be **1454 words**, if we consider the two words **يا ذا القرنين** (O Za AlQarnain), which mentioned twice in **Sura 18**, in **verse 86** and in **verse 94**, as three words **يا ذا القرنين** (O Za AlQarnain), the way it would be written in modern Arabic.

Even, if we consider the number of words from the beginning of Sura 18 till the end of verse 99 is **1452 words**, we find that the second word in the next verse (verse 100) is Jahannam (Hell), meaning that Hell is the **1454th word** from the beginning of Sura 18. This could be intended to indicate that **Day of the Qiyama (Resurrection)** will be in **1454 Hijri**.

Verse 30 of Sura 74 says “Above it, **nineteen**”. The numerical value of this verse which relevant to the End Times is 1221. Number 1452 is the 1221st Composite number. Thus, number **1452** can be envisioned to be above number 1221. This verse seems to pointing to year **1452 Hijri**, which could be the year in which Prophet Jesus will die. However, the 1452 (equivalent to 452) could be intended to the actual **Day of the Qiyama (Resurrection)** which leads to Hell and Paradise. This Day could be **Shaban 29:**

شعبان 29 Shaban 29 : 423 + 29 = **452** (equivalent to **1452**)

Furthermore, **Year 1440 Hijri** (possible beginning of the End Times) is **1452 Hijri years** from the revelation of the Quran unto Prophet Mohammad (p).

Verse 7 of Sura 17 mentions “Promise of the End Times”. This verse is followed by verse 8 in which God talks about the return of Children of Israel to their old wicked conduct and God promises that this time, unlike previous times, their punishment will be Jahannam (Hell). Note that the numerical value of the whole verse 8 (in which Hell is mentioned) is **2454** (equivalent to **1454**). In our opinion, verse 8 of Sura 17 is about the return of Prophet Jesus (p). The first Arabic word of verse 8 is Asa (means “perhaps”) sounds very close to the word Isa (Jesus). From this word till the word Jahannam (Hell), there are 9 words, which could be intended to mean 9 years, from the return of Jesus (p) till Day of Judgment and beginning of Hell and Paradise.
